## RUSSIA MAY TAKE ARMS TO GO ON

War Act Feared Plane Burns at Arizona Lake

Embassy Building Destroyed in Fire Set by Smoking Boy

American Writers Under Arrest; Boycott Begins

APACHE LODGE, ROOSEVELT DAM (Asia.) April 6. (Exclu- sive.)—A Russian aviator stood on the banks of a huge mountain reservoir in a foreign land tonight and gazed across the placid waters which gave no sign of a tragedy enacted a few hours before, when a boy caused his monoplane to be destroyed by fire through throwing a burning match on oil-coated waters after lighting a cigarette.

The two-engined monoplane which Commander Francisco De Pinedo flew across the Atlantic Ocean, the wider of South America, the Gulf of Mexico and part of this country was burned today and its engine lay on the bottom of Roosevelt Lake, under sixty feet of water.

But the loss of his plane did not deter the aviator, who announced that he will obtain another machine and continue his tour of four continents. The commander said he will resume his flight from Lake Roosevelt through the desert to the Gulf of Mexico, where he does not know where the new plane will be assembled.

Everything was in readiness for the departure of Commander De Pinedo on the Apache Lodge-San Diego leg of his journey, when his monoplane, the Santa Maria, burst into flames. The aviator was bidding good-by to friends on the shore when the match struck the oil-coated water. A dash and it had communicated to the plane. As the Santa Maria burst into flames, the aviator was seen to jump from the plane and swim to the shore.

At the time of the accident, the plane was being towed by a motor launch. The launch was seen to stop and the plane to burst into flames. The aviator was seen to jump from the plane and swim to the shore.

## CAR MERGER BY DURANT

Backs Auto Deal With Fortune

Consolidated Motors, Inc., Centers on One Machine as Company Keystone

Financier Quits All Else; Explains Sales Plans and Terms for Buyers

NEW YORK, April 6. (AP)—William C. Durant tonight announced the organization of Consolidated Motors, Inc., for the purpose of merging several automobile companies. He pledged his whole personal fortune to guarantee the financial responsibility of the companies and withdrew from the directorates of several corporations not identified with the automobile business.

Announcement of his plans, contained in a half-page advertisement to be published in several papers tomorrow morning over his signature, contained the statement which he said three weeks ago would "startle the industry."

The identity of the companies to be merged was not revealed, except for the statement that "the new Star Six has been selected as the nucleus around which Consolidated Motors, Inc., is being built, exactly as the Buick, in 1909, was used as the nucleus and the keystone of the great General Motors."

NO EXPANSION  
To avoid misunderstandings and to assure the circulation of misleading reports, Durant permitted me to add, Consolidated Motors, Inc., has for its object the bringing together of such independent motor companies as will be benefited by the arrangement. As each company is in excellent financial condition and as curtailment rather than expansion is contemplated, no public financing will be necessary.

Durant announced his resignation from the following positions: Chairman of the board of directors of the Liberty National Bank of New York, director and member of the executive committee of the National Petroleum and Fuel Company, director of the American Gas Company, director of the American Oil and Gas Company, and a number of others of lesser importance. He explained that for the time being at least his investment holdings in these various enterprises would remain undisturbed.

DEALER'S PROFITS  
In addition to guaranteeing the financial responsibility of the companies producing the Star car and the stability of policy and integrity of management, Durant's plans contemplate setting aside for the dealer a profit of 7 per cent on the cost of the car, and if these same curious persons should want to know what most concerns me at this moment—

BY ANSWER—That the name of Durant shall stand for something better than a foothill in Wall Street.

"My answer," he said, "is that the dealer's profit will be 7 per cent on the cost of the car, and if these same curious persons should want to know what most concerns me at this moment—

## GRAVE MENACE TO STATE SEEN IN TAX PROGRAM

Flood of Protests Wired Against Governor's Scheme to Penalize Eastern Capital Here

Acutely alarmed by the proposal of Gov. Young, as announced in Sacramento dispatches, to repeal the 7 per cent assessment law on all non-California securities and on solvent credits, business men, bankers, investors, small and large, and commercial organizations by the score yesterday united in vigorous protests to legislative representatives in Sacramento against the administration's bill. On every side the threat of repeal was regarded as a grave blow at the economic structure of the State.

Returning to the old law, it was pointed out, would wipe out at one stroke the encouragement California has given to outside capital under the existing personal property tax, would drive away and keep away moneyed people from the East and would slowly atrophy the economic structure of the State that have been largely nurtured by the inflow of this capital.

The old law assessed outside securities and solvent credits at 80 per cent of the valuation, a tax which proved a formidable barrier to the activities of non-California corporations, and to the residence of wealthy investors and capitalists in California.

Instead of increasing the State government's revenues from personal property taxes, which is safeguarded by the reason for the Governor's proposal, bankers and investment experts declare that the opposite effect would result. Moreover, investigation by the California Tax Improvement Association and others interested yielded results that challenge the figures reported to have been announced by State Controller Riley, showing a loss of \$185,000,000 from the assessment rolls since the 7 per cent law was enacted.

ERRONEOUS FIGURES  
Quoting figures credited to the State Board of Equalization, the Sacramento dispatches give the personal property assessment in Los Angeles County for the last year as \$275,000,000, and solvent credits at \$9,000,000. The County Auditor, however, shows property last year at \$251,000,000 and solvent credits at \$17,000,000. There is a discrepancy of \$24,000,000 against the \$185,000,000 reported by the State Controller, as he was quoted.

To further show that the calculations of loss under the existing law are erroneous, as announced by the Young administration, personal property assessed in Southern California showed that solvent credits assessments have not decreased at all because of the existing law. In Orange County last year the decrease was explained by the loss in oil inventories resulting from the Union Oil fire, and lower petroleum prices. It was contended that the decrease in the value of oil inventories generally accounts for the remainder of the \$185,000,000 claimed by the State Controller.

From the County Assessor's office it was learned that the repeal of the new personal property tax law has enormously increased the declaration of eastern securities by taxpayers, and induced large numbers of wealthy people to make California their legal residence. To support this contention, the assessor's office reported that the assessed value of personal property in the county in 1925, under the old law, was \$1,000,000. Last year, under the 7 per cent law, the valuation jumped to \$251,000,000.

The experience of the County Assessor's office contradicts the assertion of the administration leaders that the 7 per cent law operates to decrease revenues from personal property taxes. Even though solvent credits in the county decreased about \$20,000,000 last year, the increase in the declaration of securities compensates for this loss, although the law has been in operation only one year.

GRAVE MENACE SEEN  
Aside from the effect of repeal on non-California corporations and private capital in general, the bank deposits of every citizen of the State are threatened. Now, commercial deposits are taxed on a 7 per cent assessment of the total, whereas under the old law, they were taxed on 80 per cent of the total. Purchasers of bonds on installment contract would also suffer. As it works out, they are taxed doubly, paying on the contract as a solvent credit and on the goods. On a 80 per cent assessment these purchasers would be under a heavy burden.

Some of the leading financial men of the city see in the proposed repeal a general decline in the value of stocks and securities, decreased

## CAROL GAY AS LIFE OF KING EBBS

Rumanian Prince Passes Time in Revelry Awaiting News of Father's Death

BELOGRADE (Jugo-Slavia) April 6. (AP)—A Bucharest dispatch received by Politika at 8 o'clock tonight said that King Ferdinand of Rumania was expected to die during the night and that all religious rites had been performed.

At about that hour the king's plane, half sunk in a marsh, lay on the ground, and the king's body was found nearby.

In a depression on the rolling plains, half sunk in a marsh, lay the wrecked air-mail plane and beneath it were the horribly mangled bodies of the flyers. They were killed when the plane, forced to land on unknown territory at night, struck boggy ground and nose-dipped with sufficient violence to tear the wings from the fuselage and engine from the frame.

Ten mail sacks, two marked for San Francisco, three for Portland, Ore., lay in the mud beside the plane. The king's hand was clutched in his fire-proof compartment which was rent asunder in the crash, and a royal seal was found nearby.

W. A. Bradley, Gustine postmaster, recovered the sacks for forwarding.

If a fire started the waters of the marsh prevented it from spreading. In the king's hand was clutched a flashlight. His arm, hanging over the side of the cockpit indicated that he had tried to illuminate the ground beneath the descending machine when the crash came.

The pilot was crushed beneath the engine. His legs were practically torn from his body and his chest crushed.

Schaller's face was horribly mutilated, his leg severed at the knee and bones of his body broken. The bodies were extricated with difficulty from the wreck and removed to Merced where an inquest was held.

The plane was northbound from Los Angeles and left Fresno early Sunday for San Francisco, where it was due to land at Crissy Field about daylight. Schaller was on his first inspection trip of the Pacific Air Transport office.

There was no shooting in Chicago election day, but they will get back to normal right away. Flew here this morning from Fort Riley, Kan., brought and escorted by real aviators. Wish we had a thousand of them.

This is Iowa, the incubator of Southern California.

MAYOR ROGERS.

## IR MAIL FLYERS FOUND CRUSHED UNDER PLANE

Cowboy Directs Searchers to Spot Near Gustine Where Craft Dropped Into Marsh

SAN FRANCISCO, April 6. (AP)—From a cowboy off the grazing lands of Merced county came the startling news today that Edward Neher, air mail pilot, and Alfred Schaller, his passenger, lay crushed to death beneath their wrecked plane.

Aircraft that had sought the missing plane since Sunday morning were rushed to a spot a few miles from Gustine and there found that the report was true.

In a depression on the rolling plains, half sunk in a marsh, lay the wrecked air-mail plane and beneath it were the horribly mangled bodies of the flyers. They were killed when the plane, forced to land on unknown territory at night, struck boggy ground and nose-dipped with sufficient violence to tear the wings from the fuselage and engine from the frame.

## POSTOFFICE RECEIPTS IN STEADY GAIN

Increase of 6.51 Per Cent Over March, 1926, Shown in Los Angeles Report

WASHINGTON, April 6. (Exclusive.)—The postal receipts of Los Angeles for March showed a gain of 6.51 per cent over the receipts of March, 1926, whereas, according to returns made to the Postmaster-General, the average gain of the fifty largest cities for this same period was but 3.39 per cent.

The Los Angeles receipts last month were \$616,350; for March last year they were \$578,640.

San Francisco's receipts last month were \$757,404, as compared to \$724,580 in March a year ago, a gain of 4.53 per cent.

## ARCTIC VOID STILL MUTE ON WILKINS

Search by Air for Trace of Flyers Bootless Quest; Ether Voice Silent

(Copyright, 1927, by North American Newspaper Alliance.)  
POINT BARROW (Alaska) April 6. (Exclusive.)—Although it is generally assumed here that Capt. George H. Wilkins and his pilot, Ben Eielson, now are walking back to Point Barrow from the point 100 miles north-east of here on the Arctic ice, where their plane Bator failed one week ago, Alger Graham today made a reconnaissance flight along the coast to the southwest on the slender chance that they might have missed Point Barrow and flown beyond in returning. He found no trace of the two explorers.

Tomorrow he will fly to Beechy Point, 175 miles east of here on the coast, if the weather permits.

Capt. Wilkins was last heard from Friday evening, after more than two days on the ice. At that time he and Eielson were still working on their plane engine.

The weather has been clear here for several days. With favorable conditions Wilkins and Eielson should be able to reach here in from ten to twenty days, but if they find many leads of open water and had ice the journey may take considerably longer.

INFLUENZA RIFE IN ALASKA TOWN, FLYER REPORTS

HOMER (Alaska) April 6. (AP)—An influenza epidemic of serious proportions in the town of Bethel, on the lower Yukon River, was reported by R. H. Merrill, aviator, who arrived here Monday night from Anchorage.

Merrill obtained his information when he landed at McGrath, 700 miles northeast of Bethel, in re-ports there said that virtually all the residents of Bethel were stricken. Bethel has about 150 inhabitants, mostly Eskimos.

# 'BIG HUTCH' TO APPEAL

## Case Will Go to Highest Court

Los Angeles Bunko Man Carries on Fight to Balk Prison

Sacramento Holds Up Plans for Return as Result of Move

NEW YORK, April 6. (AP)—Evelyn A. "Big Hutch" Hutchings will carry to the United States Supreme Court his fight to escape extradition to California to complete a seven-and-one-half-year prison term for grand larceny. It was announced today by Joseph A. Shallick, his attorney.

Shallick said he will file a writ of certiorari in an effort to have the Supreme Court review the case.

Hutchings was paroled in August, 1933, after serving about three years on a charge of taking \$41,000 from an Illinois farmer in a confidence scheme. A short time later the Governor of California revoked the parole on the ground Hutchings had obtained it through misrepresentation.

Arrested in New York in December, 1935, as a fugitive from justice, Hutchings was represented by counsel as being a "victim of a California political feud." Extradition was granted by Gov. Smith, but Hutchings obtained a writ of habeas corpus from the Supreme Court and was released.

The appellate division overruled the granting of the writ. Hutchings was again arrested and lost his fight in the Court of Appeals. He is at liberty in New York under \$1000 bail.

SACRAMENTO, April 6. (AP)—All proceedings in California for the return of Evelyn A. "Big Hutch" Hutchings from New York to complete his sentence for larceny were held up today by the executive branch of Gov. Davis. The executive has made no move to return the fugitive, waiting until word was received from the Sacramento Board of Prison Commissioners that the ex-convict is planning to carry the case to the United States Supreme Court.

Since the last decision of the New York court, upholding the extradition papers granted by Gov. Smith, the executive has made no move to return the fugitive, waiting until word was received from the Sacramento Board of Prison Commissioners that the ex-convict is planning to carry the case to the United States Supreme Court.

# Governor Signs Municipal Court Judges Measure

SACRAMENTO, April 6. (AP)—Gov. Davis today signed a measure approved by the Assembly Bill No. 248, by which he will give Los Angeles two more Municipal Court judges and increase the salary of several of the court officials.

The Governor vetoed Senate Bill No. 134 and 135, by Senator Sanborn Young and Assembly Bill No. 1081, by Assemblyman Percy G. West. Senate Bill No. 134, which would have allowed the State Court of Appeals to appoint judges to the Municipal Court, was vetoed because it is unconstitutional, the authority to allow the Superior Court to appoint judges is in addition to that already provided for being beyond the power of the Legislature.

Senate Bill No. 135, authorizing the joint investment of funds in membership shares in the State Investment Fund, was vetoed because it is unconstitutional, the authority to allow the Superior Court to appoint judges is in addition to that already provided for being beyond the power of the Legislature.

Assembly Bill No. 1081, which would have required that the receipts under the California Grain Stabilization Act be paid into the State Treasury general fund each month, was vetoed because it is unconstitutional, the authority to allow the Superior Court to appoint judges is in addition to that already provided for being beyond the power of the Legislature.

# The 13th Rose

Twelve roses of our field grow. 2-year stock will be placed on sale Thursday, Friday and Saturday. Attached to each package of 12 bushes, will be a 13th and finest; the name to be concealed until you receive your package. This "13th rose" will be our gift to you—a surprise!

# Route of Four-Continent Flight by Italian Officer

# DE PINEDO WILL CONTINUE

(Continued from First Page)

been held out within the United States," said Davison's message.

MOST SENSATIONAL OF LONG DISTANCE FLIGHTS

NEW YORK, April 6. (AP)—Commander Francesco De Pinedo, whose plane turned back at Apache Lake, Ariz., is one of the most sensational of all long-distance flyers. His long flights have been noted for the speed with which they have been carried out and the daring itineraries chosen.

The Italian aviator was engaged in making a four-continent flight from Europe to North and South America and return, touching Africa en route.

The four-continent flight started from Cagliari, Sardinia, February 13. Crossing the Atlantic by way of Africa and the Cape Verde Islands, Commander De Pinedo's plane, the Santa Maria, reached the mainland of Brazil February 23 and Buenos Aires March 2. From Buenos Aires he turned northward on the North American leg of his flight.

In traveling northward through South America Commander De Pinedo accomplished the startling feat of cutting across jungles of interior Brazil where a forced landing probably would have meant death. He overtook and passed the American Army good-will flyers at Para, Brazil, and by a fast series of long hops crossed the West Indies to New Orleans, arriving March 25. From New Orleans he started the journey toward the Pacific Coast which ended disastrously today.

NOT LONGEST FLIGHT

The total length of the four-continent flight itinerary exceeded 38,000 miles, but it was not to be Commander De Pinedo's longest flight. In 1935 he made a great 34,000-mile aerial tour of the Far East, visiting Australia, the Philippines and Japan.

De Pinedo brought his huge twin-engine seaplane to the United States when he landed at New Orleans from Havana.

The intrepid Italian aviator then was beset with trouble. He was delayed by weather until Saturday, the 2nd inst., to make his next hop to California, where he refueled and continued on to Medina Lake, near San Antonio, Tex.

A dead calm Sunday prevented him from raising his huge plane from the surface of the lake, the wings failing to take hold in the calm air. Monday, with the aid of a slight breeze and waves made by motor boats, the plane lifted into the air and headed west for Elephant Butte Dam.

Again yesterday a dead calm prevented the aviator taking his plane into the air. After repeated attempts, and after the gasoline supply had been reduced to 250 gallons and all spare parts stripped from the plane, De Pinedo hopped off for Roosevelt Dam. Engine trouble developed, however, and the Italian flyer returned after being in the air only twenty-five minutes, not wishing to risk a forced landing in the desert with his plane, which was not equipped for land.

NOT LOCATED AT LAKE DENIES HE TOSSED MATCH

APACHE LODGE (Roosevelt Dam, Ariz.) April 6. (AP)—James Gibson, one of several boys who were in the boat from which a lighted match was thrown today, resulting in the destruction of Commander Francesco De Pinedo's airplane, the Santa Maria, was located tonight.

Young Gibson said the boy who threw the match into the oil-covered water was a stranger, and that he and the stranger boy had been quarreling over a lighted cigarette. It was during the argument, he said, that the other boy threw the match away.

Workers at Roosevelt Dam and employees of Apache Lodge, who witnessed the boys' quarrel, said they did not recognize the one who threw

# Newspaper in Chicago Again Victim of Bomb

CHICAGO, April 6. (AP)—Office of the Chicago Index, a publication of the far south side, was bombed today for the second time within a week. The bombing occurred shortly after a police detail, which had been on guard since the first outrage, had been withdrawn.

Carl Morgan, editor of the Index, said the bombings were the execution of threats against him for his crusade against the lawless element of the community.

# TAX-RAISING IS HOTLY FOUGHT

Flood of Protests Wired from Here to Sacramento

Grave Menace to Prosperity of State is Seen

Would Drive Out, Keep Out Residents and Capital

(Continued from First Page)

Corporate dividends, increased retail installment-plan prices, a barrier to the influx of capital from outside of the state, a breaking of faith with many who have been induced to bring their money here for investment and many other evils.

Information to the effect that this bill, declared to be an administration measure based on incompetent authority, is to be steam-rollered through the Legislature today or tomorrow before opposing forces can be marshaled against it caused scores of protesting telephone calls and telegrams to be sent last night and yesterday to Gov. Young and members of the Legislature.

County Assessor Hopkins hastened there yesterday for a conference with Atty.-Gen. Webb to do what he can against enactment of the bill. Dr. Milbrand Johnson, president of the California Taxation Improvement Association, left last night to present the gravity of the situation to Gov. Young and legislators. The Board of Directors of the Chamber of Commerce has planned for consideration of the bill today.

SOUNDS LIKE INSANITY

"Just imagine the chuckling that would result in Florida from the repeal of that law," President Jardine of the Stock Exchange commented. "I am doubtful that anyone would think of such a thing. How would we keep faith with the people who have induced to come here under the benefits of this law? enacted just two years ago. It sounds like insanity to talk of repealing it."

Michael P. Shannon, chairman of the Citizens Committee of Ten Thousand, in a protesting telegram to Sacramento said:

"Repeal of this law would be a staggering blow to the business interests of the state and would nullify in a large measure much of what we have accomplished in years."

Sanitary President McKee of Barker Brothers commented:

"To throw the whole thing back into chaos again by repealing the law would work deplorable results."

President Page of the Investment Bankers' Association of Southern California said:

"We worked hard to get people of means to come to California under that law and now to repeal it would mean the worst kind of had faith. We have so telegraphed the Governor to permit no tinkering with it."

"WOULD DEMORALIZE FINANCE"

"Nothing the Legislature could do," says a telegram sent to Gov. Young by the Better America Federation directors, "would demoralize the whole financial structure of California as repeal or amendment of this act."

President Workman of the City Council said:

"The returns that we got this law was more beneficial than the one we had before and to return to it seriously would affect many investments made on the strength of it."

"The 7 per cent law," President Cowan of the Pacific Mutual Life Insurance Company said, "is good, sound, useful legislation adopted by the people by means of constitutional amendment and should not be nullified by Legislature without reference again to voters."

Those who are alert to the mischief that will be wrought by repealing the law are centering their efforts upon Sacramento as four times in the Senate will be sufficient to save the law.

# LATTER DAY SAINTS WILL BUILD HERE

Mormon Church President Announces Plan at Close of Annual Conference

Rebels Reported in Full Retreat from Tierra Azul and Muy Muy

MANAGUA (Nicaragua) April 6. (AP)—Capture of Tierra Azul and Muy Muy by the Conservative forces, together with commanding hills and positions surrounding Matiguas, was reported to the Conservative President, Dr. Diaz, by Commander-in-Chief Viquez last night. While Matiguas itself has not been occupied, Gen. Viquez announced the Liberals have withdrawn virtually all their troops to protect the retreat.

Gen. Viquez said many Liberal prisoners were taken, several hundred killed and many wounded.

WASHINGTON, April 6. (AP)—Severe fighting between Nicaraguan Conservative and Liberal troops in the vicinity of Muy Muy and Tierra Azul in which he believed that the Diaz Conservatives had been victorious, was reported to the Navy Department today by Rear-Admiral Lattimer, commanding American forces in Nicaragua.

The admiral said that while he has not learned definitely the result of the action, all indications pointed to a victory for the Diaz troops.

# BAR ON NEGRO GOES TO WAR DEPARTMENT

NEW YORK, April 6. (AP)—Charges that Menden V. Burnell, New York high school student, was barred from the citizens' military training camp because he is a negro, have been placed before the War Department at Washington, George V. Harris, editor of the New York News, a negro publication, said today.

NEW YORK, April 6. (AP)—Wall Street underwrote that it was Gerard Swope, president of the General Electric Company, who declined a salary of \$250,000 a year with a bonus of \$1,000,000 worth of Goodyear securities to head the Goodyear Tire and Rubber Company.

EVERY MORNING IN THE YEAR Los Angeles Times

90c per month DELIVERED BY CARRIER Single Copies, Daily & Sunday

# UNUSUAL REAL ESTATE FEATURE NEXT

The Los Angeles Times next Sunday will feature an unusual real estate advertisement—practical ideas—to assemble the outstanding real estate opportunities from every city, suburb and district from the Colorado River to the ocean's edge. Every active real estate dealer in the community will operate, each making a sincere effort to single out the best real estate opportunities in his territory. He believes to be the most attractive homes, business sites, and best investment opportunities in his particular district. In addition to these offerings, by dealers, private parties with meritorious property for sale, will join in making this feature the most complete real estate listing ever published by any paper.

Tracts of land as large as many an eastern estate will be included, and there will be literally hundreds of lots and parcels which may be purchased for a relatively few dollars. Mountain cabins, beach property, all kinds, orchards, farms, raw land, city and country houses of every size and type.

# DODGE, JR., OFF TO HAWAII

Incognito Pierced as He Sails from Bay City Where Estranged Wife Stays

SAN FRANCISCO, April 6. (Exclusive)—Booked on the Jack Kennedy, Horace E. Dodge, Jr., multimillionaire son of the late John Dodge, is on the Pacific tonight en route to Honolulu. But his identity is not known to the Honolulu police, who are waiting for him to arrive. Dodge, Jr., who is believed to be on his way to Hawaii, is believed to be on his way to Hawaii. Dodge, Jr., who is believed to be on his way to Hawaii, is believed to be on his way to Hawaii.

ANNOTS PILOT

However, he was unable to hold the secret during the five hours of a specially chartered flight from Los Angeles on a Pacific Air Transport plane. For one thing he was late in setting away from Los Angeles after chartering the plane. Pilot James L. Rutledge was none too jovial about that. For another thing he had to send a lot of messages from Bakerfield and do some long-distance telephoning from Fresno. Which didn't lessen the gentle manner of the pilot.

Finally, as if annoyed, the passenger burst out, just before arriving at Crissy Field.

"Perhaps I'd better tell you who I am. I'm Horace E. Dodge, Jr."

"And I'm Napoleon," replied Rutledge, "but I don't think we ought to tell anyone until we land."

SECRET LIST OUT

However, when the plane touched ground at Crissy Field it was met by J. H. Pinedo, financial representative of the Dodge interests in San Francisco, and then the secret was out despite Dodge's denial.

It then was noticed that the Wilhelmsen plane, which had been in the stream about a quarter of

PLASTER REINFORCED

Don't Put Up With Plaster Cracks

Plaster cracks are no more necessary than the tub bath. Both were tolerated in by-gone days, but modern inventiveness has forced them into the discard.

Modern construction demands that plaster be applied on metal lath. The result is a well high crack-proof slab of plaster reinforced with a tremendously strong steel. This combination in addition to preventing cracks and other defects, provides practical fire safety for your structure. Be sure to specify Better Plastering on metal lath.

Beautiful book upon request.

## NATIONAL KING CHALKS UP 145

*Paul Hunter Second in Annual Classic*

**Scores Feature Play at Beverly Club**

**Each Play for Down-State Title Starts Today**

**BY BILL WISH**

George Von Elm, national amateur champion, shopping strokes through one of an otherwise sensational round, chalked up a 71 at Los Angeles yesterday for a thirty-six-hole aggregate of 145 to collect medal honors in the twelfth year play-off of the twenty-seventh annual Southern California amateur golf championship.

The golfing dust kicked up by the fast-traveling telegenic sportsman, who had been a major league baseball player, was still swirling in the air as he stepped off the plane Tuesday, and with the aid of the youngsters cracked wide open. Dr. Paul M. Hunter, defending champion, lost through the challenge with a 73 for a two-round total of 147 and low gross.

World Martin of Rio Hondo, south-western champ, tied for the lead at the end of the first eighteen holes today, slipped up to a more than respectable 75 and was third in the twenty-six-hole grins with 148. George Johnson of Lakeland and E. S. (Scotty) Brown of Midwich tied with Armstrong staged the most dramatic recovery of the day when, after missing the par four eighteenth hole with a six, he scored a 71, one stroke better than his opponent.

### NATIONAL KING WALKS UP 145

Phil Hunter Second in Annual Classic

Score Feature Play at Beverly Club

Play for Down-State Title Starts Today

BY BILL WISE

The 145 lb. national amateur boxing champion, Phil Hunter, walked up the stairs through a cheering throng of spectators during the first round of the annual classic at the Beverly Club last night.

Hunter, who is a member of the Hollywood Stars, won the title by a unanimous decision over a challenger from the West Coast.

## THEY LEAVE THEIR MARKS ON THE CINDER TRACK

A trio of speedy young men graced Bower Field at U.S.C. yesterday. Roland Locke, who holds the world record for the 220-yard dash, worked out along with his University of Nebraska team-mates in preparation for his match race with Phil Barber, former California captain, in Berkeley, Saturday. Left to right the runners are Weidner Draper, Trojan sprinter, who has just recovered from a badly injured ankle; Roland Locke, himself in person; and Hugh Pinney, crack L.A.A.C. dash artist, who also worked out yesterday morning.

## ERROR LOSES FOR SERAPHS

### Dropped Pop Fly Paves Way to Four Sheik Runs

### Hamilton Loses Tough Duel to Curt Fullerton

### Angels and Stars Both Held to Five Base Hits

BY BOB RAY

Get ready for a shock, folks. The Hollywood Stars won a ball game! Actually, for they beat the Angels, 4 to 2, in yesterday's finale at Whiskey Field, to turn in their first Coast League victory after dropping six games in a row.

You're right, though, for there is a catch to it. "Oil" Hamilton and the Angels lost the 5 to 1 game for no good reason at all. In fact it was a decidedly bad reason that cost them the struggle. The bad reason was a high pop fly that fell safe in the fourth inning when Frank Brasili bumped into Ray Jacobs and knocked the ball out of Jacobs' mitt. Had Brasili not caused Jacobs to drop the ball the side would have been retired without a score. But the ball did drop and before the Angels could get the Stars out four unlearned Hollywood runs pattered over the platter.

TOUGH ON HAMILTON

It was a tough game for Hamilton to lose for the veteran Angel pitcher allowed the Stars only four hits in his seven-inning stay on the mound and shouldn't have had a run scored off him. However, Curt Fullerton, who proved to be the pitching Moses that led the Stars out of the wilderness of defeat, yielded only five hits to the Angels, which is twisting good enough to win most any ball game.

It might be here remarked that yesterday's defeat was the first game Hamilton had ever lost to Hollywood. Five times last year Hamilton started against Fullerton and each time the Angel pitcher copped the decision. So Curt and the Stars were just a bit out of luck when "Oil" yesterday.

All was calm in the first three innings, but the storm broke in the Hollywood fourth when the Charub defense cracked and the Stars pounded by cracking over four runs. Charley Goch started the round by

### MISSOURI GETS BOXING BOUTS

Fight Games Legalized for First Time Since 1875 As Governor Signs

ST. LOUIS, April 6. (AP)—Boxing was legalized in Missouri for the first time since 1875 when Gov. Baker today signed a bill passed by the Legislature to permit ten-round no-decision bouts if put on by religious, fraternal, benevolent or patriotic organizations. The bill was sponsored by the American Legion.

## A.A.U. ENTRY BLANKS OUT

### Trojans to Defend Title in Coliseum Meet Against Best Runners in Entire Southwest

Entry blanks for the annual Southern Pacific A.A.U. track-and-field championships were sent out last night by Arnold Eddy, secretary of the organization. All of the leading high school, college and club athletes in Southern California are expected to take part in the big meet in the Coliseum the 18th inst., when Dean Cromwell's Trojans seek to retain their laurels.

Twenty-four events, including a host of things for women athletes, are on the program. The six-mile run will start at 1:45 p.m., and the meet itself will officially get under way at 2:15 o'clock. Eddie says it is a fair guess that the 100-yard dash will get to see a flock of redskins tumble across the finish line in the six-mile event.

The Trojans are expected to experience no little difficulty in retaining their championship honors. Coach Boyd Comstock's mighty L.A.A.C. squad will feature a strong drive for the title, although Charley Padlock, sprint king, will not be present.

(Continued on Page 2, Column 1)

## U.S.C. BOSS TRIES OUT NEW PANTS

### Drury Dons Latest Grid Attire; Airplane-Linen Draws Attention

Morley Drury, Trojan football boss, turned clock model yesterday, much to the delight and interest of his fellow griders.

The busy U.S.C. gridders, equipped in a pair of brand-new airplane linen football pants, attracted the attention of everybody within range when he stepped onto the field.

The new covering, it is expected, will prove nearly as light as the silk affairs featured by Syracuse and Notre Dame last year, and at the same time will be as durable and long suffering as the usual variety of molasses.

Drury pronounced himself highly satisfied with the paraphernalia, and if it proves entirely satisfactory the Trojans may adopt it as a regular thing.

## LOCKE NOT TO MEET BORAH

### Nebraska Flyer Not Likely to Perform in National A.A.U. Championships in New Orleans

BY RALPH HUSTON

Roland Locke, national 220-yard dash champion, holder of the world's record for the event, and Nebraska's favorite son, probably will not run against Charley Borah, U.S.C.'s speedster, in the A.A.U. national championships at New Orleans in June.

The Nebraska flyer, who worked out with his Cornhusker team-mates on Bower Field yesterday morning when the squad took a brief rest from its train trip to Berkeley, said as much when he "thought he wouldn't run in the nationals."

The Nebraskaans are scheduled to meet California in a dual meet Saturday at Berkeley, and Locke, who is a senior in law school, is not eligible for varsity work, but will run a couple of exhibition races against Phil Barber, former Bear captain. Locke is a conscientious student as well as an athlete, and the nationals interfere with his school and law work. The midwesterner is enjoying spring vacation just at present.

## Roper Claims Foul in Bout with Godfrey

OAKLAND, April 6.—George Godfrey, black shadow of Leterville and colored aspirant for the heavyweight title, was awarded a ninth-round knockout victory over Jack Roper, a Los Angeles heavyweight, in a scheduled ten-round event tonight at the Oakland Auditorium.

But pending action by the State Athletic Commission tomorrow his victory is in question.

The bout ended in the ninth round with Roper on the floor writhing in pain and claiming a foul. Examination of the fallen fighter in his corner immediately after the bout failed to show evidence that a foul blow had been struck, but later in the dressing room Dr. Judson Lifschild, club physician, made another examination and declared that Roper had been fouled. Referee Benny Wagner's decision was not reversed from the ring, and until action by the boxing Commission is taken, a knockout win for Godfrey stands.

(Continued on Page 2, Column 1)

## BEARS OUT FOR WIN OVER STANFORD NINE

BERKELEY, April 6. (Exclusive)—California's baseball team will stake its all Saturday afternoon in the opening game of the annual series with Stanford to avoid the lonesome and forbidding cellar of the State College Baseball Association. Beaten by Santa Clara in a thirteen-inning game and walloped heartily by the University of Southern California Trojans, the Bears are now in the right frame of mind to chase the Red right off of West Field.

Coach Carl Aasmoe has not announced his starting battery for the initial Stanford scrap, but it will likely prove to be Gus Kamechek and Whitley Wyatt.

## SNOWS SPEED

Locke, who has not lost a race in three years of sprinting competition, wherein he has run everything from fifty yards to 500, looked to be in fairly good form. He ripped off a 500-yard sprint in 81.4s, just one second slower than Charley Padlock's world record for the event. He was chased across the finish line—at a distance of fifteen yards—by a couple of team-mates who were unable to keep up with the flying cyclone. Locke finished apparently very tired, landing heavily on his hands. He ran against a hard adverse wind on the home stretch.

The Nebraska flyer tried a few starts with Weidner Draper, Trojan sophomore sprinter, and Hugh Pinney, L.A.A.C. sprinter, as well as a few more of Coach Henry Schulte's Cornhuskers. The furious champion got out of his holes in a hurry, beating Draper and Pinney to the jump, and led by a couple of feet through a trio of twenty-five-yard sprints.

Incidentally the reappearance of

## BEST BASEBALL MINDS GATHER TOMORROW TO MAKE DECISION IN CASE OF ROGERS HORNSBY

BY WESTBROOK PEGLES

NEW YORK, April 6.—The faithful customers of the New York Giants may need the advice of learned counsel to understand the great national game of baseball when the impending season begins, owing to the confusion over the peculiar dual nature of Rogers Hornsby, wage slave and stockholder.

It develops that the Hornsby who owns the stock in the St. Louis Cardinals is one person, subject to one set of baseball laws and agreements, and that the one who works for John J. McGraw is another man, subject to a different code of government. However, they both wear one and the same pair of shoes at one and the same time, and this is what makes the situation so intricate. It has even been intimated that they must be a couple of other fellows.

LOVES HARMONY

Very reluctantly, John Heydler, president of the National League, who loves harmony like the first tenor in a shower-bath quartet, this afternoon called a meeting of the eight National League proprietors for Friday in Pittsburgh, at which the best minds of the baseball business will endeavor to sort Mr. Hornsby out.

At this moment there seems to be no plan of action beyond Mr. Heydler's stern decision that if Hornsby has not disposed of his stock in the Cardinals by next Tuesday, he will command his umpire in the Giants' opening game at Philadelphia to serve him with an injunction emanating from the baseball court, restraining Hornsby from playing as a Giant. It has been said that John McGraw will then obtain a counter injunction from the United States District Court enjoining the umpire from

(Continued on Page 4, Column 4)

## TAYLOR TO FIGHT FILIPINO

Bud Taylor, world's bantamweight champion, will step ten rounds or less with Young Nationalista, the Philippine windmill, in the main event of Dick Donahy's big open-air show at Whiskey Field on the 18th inst. Donald closed for the match yesterday after a conference with Johnny Sampson, manager of Nationalista. The man will scale above 118 pounds for the bout.

Taylor will leave Chicago for Los Angeles tomorrow, accompanied by

## GOLF STAR VIES WITH FATHER

DALLAS (Tex.) April 6. (AP)—Syd Cooper and Harry Cooper, father and son, will carry their golf rivalry into the British open and French open golf tournaments next July.

Harry announced in February he would enter the British and French open events this year and yesterday Syd announced that he had decided to enter them, too, leaving Dallas about June 10, for England and France.

# Globe and Maroon Pucks Clash on Ice Tonight to Decide Pro Loop Hockey

## WINTER GARDEN SCENE OF GAME

First and Second Half Race  
Winners to Collide

Victory Tonight Gets Title  
and Big Cash Prize

Chicago Blackhawks Arrive  
for Tilt Saturday

"Get all crippled and weak-hearted persons away from the front line," is the suggestion of Capt. Lloyd Cook, leader of the Globe hockey team which plays tonight at the Winter Garden. In opposition to the Maroons, under the guidance of Kenny McKenzie, astute Canadian hockey expert and manager of long experience.

The two teams, respectively, champions of the first and last halves of the season, will battle tonight in the play-off to determine which aggregation will collect the large cash purse, win the title of champion of all California hockey teams and receive the Frank Ramage trophy, emblematic of such titular honors.

The rivalry between members of the teams has been illustrated most dramatically on several occasions during recent games between the two battling outfits. In tonight's game "Chum" Irwin, star rightfield player, will officiate as referee. He was chosen by Charles C. Fyfe, manager of the Maroons, to officiate as referee. In tonight's game, only after he convinced Fyfe that nothing short of a riot would get beyond him and that he will rule the players with an iron hand should the going get rough.

When the cheering for the winning team tonight will begin the hockey devotees will begin to get steamed up over the arrival here on Saturday afternoon of the famed Chicago Blackhawks, most spectacular and most colorful of all the national hockey teams. The fighting Blackhawks will be under the direction of Capt. Dick Irvin, himself the leading scorer of the league. Ten men are in the party. The first practice period in which the Chicagoans will participate will be on Sunday morning. On Monday night the first of a series of five

## PITTSBURGERS WILL PLAY HERE

PITTSBURGH, April 6. (AP)—Officials of the Pittsburgh team of the National Hockey League today accepted an invitation for the club to play a series of games in Los Angeles, Cal., with an all-star team of that region. The series will open the 21st inst. Eight Pittsburgh players will make the trip to the Pacific Coast.

Games will be played at the Winter Garden.

Following is the line-up for tonight's game:

## BEARS COUNT ON RUST IN TRACKFEST

BERKELEY, April 6. (Exclusive)—At least one close event will be witnessed by fans attending the California-Stanford "little big meet" of the track on California Field Friday, April 8, when Johnny Rust of California's biggest dashmen line in the weight events, where there is hardly a single real prospect. In the short sprint of the Modesto Junior College meet, not one California babe placed.

## MARS AND ENO TO HOOK UP TONIGHT

Attempting to establish a new class—the lightweight—Bobby Mars and Mickey Eno, the two best 100-pounders in the west, will meet in a two-round decision on tonight at the Pasadena Armory. The winner will receive a model as emblematic of the championship of Northwest. Patsy Flanagan, the popular Irishman, will meet plenty of trouble from Tony Montana in the six-round semi-final at 130 pounds. Frankie Forbes will face Chesney Miller, a very hard-hitting boy, in the six-round special event, at 140 pounds. Kid Hamilton meets Tony Francis, four rounds, at 155 pounds.

## HE'S A HOCKEY BEAR ON DEFENSE

It's "Curley" Headley, who plays left defense on the Winter Garden Maroon team which tangles with the Globe Ice Cream outfit for the professional ice hockey championship of California tonight. The fracas will be staged at the Winter Garden Ice Palace. A wild battle before a capacity crowd is expected.

## BROWN AND OWENS TANGLE UP TONIGHT

Kayo (Babe) Brown, Venice colored light-heavyweight, hooks up with Ernie Owens in the ten-round main event at the Culver City Stadium tonight. Brown says he has to get an injunction from the League of Nations which is one of the few leagues lying outside the jurisdiction of K. M. Landis, commissioner. As a peaceful man, Mr. Heydler felt as though he had ordered a second firing on Fort Sumter when he decided that Hornsby must be enjoined. He would greatly have preferred that somebody remove the fort in the interest of peace.

## DE HOAG, MARTIN ON INGLEWOOD BILL

Having obtained an injunction against the city authorities at Inglewood, restraining them from interfering with the boxing cards at the Inglewood Athletic Club, officials of the club announced that they will stage a three-event program tomorrow evening. Dick De Hoag and Jimmy Martin will occupy the spotlight in the main bout over the six-round limit. Joe Arciniega and Battling Dode will exchange socks in the six-round semi-wind-up, and Bobby Garcia and Perfecto Mendoza will clash in the opening four-round event.

## VALIANOS IS BEAR FROSH NINE LEADER

BERKELEY, April 6. (Exclusive)—John Vallanos, a former Lowell High School star, is captain of the California freshman baseball team. As one of Coach Burt King's best hitters, a consistently strong defensive player as shortstop, and a leader, Vallanos was the logical freshe to head King's nine. The newly selected captain will have the first opportunity to lead his team into action this Saturday afternoon at Palo Alto, when the Stanford babes will offer up the opposition. King will probably start a battery consisting of Sellman and Hamblin.

## BOYD COMSTOCK IS BEATEN BY LASWELL

Maynard Laswell, retired undefeated handball champion, displayed talent in another direction yesterday when he eliminated Boyd Comstock, Mercury track coach, in the second round of the Los Angeles Athletic Club championship tournament after a hectic game. Laswell defeated Comstock, 31-18, 31-18, in one of the hardest squash matches staged at the Mercury Club in years. Teddy Miller, nationally known polo star, showed that he was quite quite a squash player by defeating George Mason in two easy sets. Miller won by a 21-1, 21-1 score.

SPRINTS ON  
ASCOT C  
FOR SUND

Attractive Program  
to Tickle Speed  
Dirt Track Festival

With a program of  
each one of which will  
appearance of a match  
motors MacDougal and  
nounced that Sunday's  
else would outdo anything  
presented to the fans of  
California at Ascot speedway.  
Instead of the distance  
have been staged in recent  
the promoters have told  
to change the scene on dirt  
prepare for a day of fun  
time.  
The program consists of a  
dash for the Italian helmet,  
lap dash, three ten-lap  
one twenty-five-lap race.  
fastest cars will participate  
races that will give a good  
both car and pilot. They  
in the hottest dash of the  
will go to the post later in  
five-lap events. The  
fastest will battle it out in  
lap race. The fastest  
most in one of the ten-lap  
and the second fastest  
meet in another event of  
tance, while cars which  
these two will get together  
special ten-lap contest.  
eighteen fastest machines  
Starter "Spider" Matlock in  
17-five-mile speed battle  
finish up the afternoon.

# THE WINDSOR Apartment Hotel

In this magnificent building with its archi-  
tecture reminiscent of ancient Tudor days,  
there is a finality in every detail of appoint-  
ments and service that gives THE WINDSOR  
a personality that is singularly its own.  
To those who seek a home place of genuine dis-  
tinction, with apartments affording the ultimate in  
fittings, decorations and equipment...with complete  
hotel service that anticipates every convenience and  
comfort of the guest...with a lobby that suggests in its  
great glowing fireplace and its magnificent appoint-  
ments the hospitality and luxury that is all-contained  
...with unsurpassed cuisine in the hotel dining room,  
or served from the hotel kitchens in your own room...  
with a house commissary that instantly responds to your  
call...with lounge, social hall and writing rooms that  
invite your presence...with check, page, elevator  
speakers, footmen and room service made ever  
ready to serve you—THE WINDSOR offers  
complete satisfaction in every detail.

## BRUTALITY DESCRIBED

### Union War Death Trial Opens

Sluggers' Victim Points Out  
Defendants in Bay City  
Court as Slayers

Testimony Stands Unshaken;  
Insinuation of Bribery  
Vigorously Denied

SAN FRANCISCO, April 6. (Re-  
cutive)—The story of a man brutally  
seized from behind without warn-  
ing, whose jaw was crushed in and  
his head battered, while his fellow-  
worker was beaten to death in cold  
blood at his side, was told from the  
witness stand in Superior Judge Con-  
lan's court today.  
It was the story of G. C. Coyle,  
nonunion carpenter who was working  
on a building under construction last  
October when he and C. W. Camp-  
bell, also nonunion, were so badly  
beaten that Campbell succumbed to  
his injuries. Gus Madson and George  
Peece, both members of the local  
union, are on trial for Campbell's  
murder and seven other union work-  
ers are charged with complicity.  
As the final details came from  
Coyle's lips, Dep. Dist. Atty. Skully,  
in charge of the prosecution, asked  
him:  
"Do you see in this courtroom any  
of the men who were present at  
the time of the attack?"  
"Yes, I can point out two of  
them," the witness replied.  
He pointed to Madson and Peece.  
TELLS OF SLOGGING  
Taking of testimony in the trial  
was begun today. Coyle was the  
prosecution's most important witness.  
His recital of the beating adminis-  
tered to himself and Campbell was  
to the point.  
"We were working under the open-  
shop plan, on a stairway in a build-  
ing on Eureka street right behind  
the Alvarado school."  
"Campbell had taken a sledge ham-  
mer from me, and was preparing to  
continue some work I had started.  
Suddenly, I was seized around the  
wrist from behind and struck over  
the head."  
"My jaw was busted and my nose  
broken. I fell to my knees and  
yelled for help."  
"I could hear them beating Camp-  
bell."  
The next I knew I ran out into  
the street. Campbell was lying on  
his back. His skull was crushed in.  
Three men were getting into an auto-  
mobile, driving away."  
TESTIMONY UNSHAKEN  
It was at this juncture that Coyle  
was asked if he could identify any  
of the men, and he pointed a dra-  
matic finger at Madson and Peece.  
Efforts of Defense Attorney Nate  
Coughlin to break the force of Coyle's  
damaging testimony were of no avail.  
Coughlin asked if Coyle had not  
made the statement when he ap-  
peared before the grand jury at the  
time the indictments were returned.

## SHEEP CARRY OWN PASTURE

Timothy Seed Sprouted in  
Wool Gives Impression  
of Green Breed

NEWARK (N. Y.) April 6. (A)  
Passersby saw green sheep on  
a farm near here recently and  
thought they were a new breed.  
It was learned, however, that  
the sheep had sought winter  
under a haystack during a week  
of rain and that timothy seed  
lodged in their warm wet wool  
had sprouted.

against the union sluggers that  
he could not be positive of the identity  
of the attackers.  
Coyle replied that he had not only  
made such a statement, but that it  
was true at that time. He had not  
yet seen the men, he declared, but  
as soon as he saw Madson and Peece,  
he knew they were two of the three  
men who had participated in the  
beating.  
Coughlin, then addressing the court,  
declared:  
"We will seek to prove and I think  
we will prove, that there was a path-  
way between this man and the in-  
dustrial Association—a pathway paved  
with dollars or promises of dollars."

## INSINUATION DENIED

The insinuation was hotly denied  
by Coyle. His only knowledge of the  
murder and seven other union work-  
ers are charged with complicity.  
As the final details came from  
Coyle's lips, Dep. Dist. Atty. Skully,  
in charge of the prosecution, asked  
him:  
"Do you see in this courtroom any  
of the men who were present at  
the time of the attack?"  
"Yes, I can point out two of  
them," the witness replied.  
He pointed to Madson and Peece.

## Extension of Federal Farm Board Urged

WASHINGTON, April 6. (A)—An  
expansion of the activities of the  
Federal Farm Loan Board with a  
view to extending greater assistance  
to farm marketing is under considera-  
tion by the administration.  
Some farm leaders have been called  
into consultation recently by Mr.  
Coolidge and today he was led by  
Chairman McPadden of the House  
Banking Committee, that such ac-  
tion would go a long way toward  
meeting the farmers' problems.  
For orchard equipment  
consult the FARM and  
ORCHARD MAGAZINE of  
the Sunday Times.

# "Times" Daily Short Story

## A Cosmopolite in a Cafe

By O. HENRY

"I've been around the world twelve times," said he. "I know an Eskimo in Upernivik who sends to Cincinnati for his neckties, and I saw a goat herder in Uruguay who won a prize in a Battle Creek breakfast competition. I pay rent on a room in Cairo, Egypt, and another in Yokohama all the year around. I've got slippers waiting for me in a tea house in Shanghai, and I don't have to tell 'em how to cook my eggs in Rio Janeiro or Seattle. It's a mighty little world. What's globular, planetary hunk of matter, slightly flattened at the poles, and known as the earth, is my abode. I've met a good many object-bound citizens of this country abroad. I've seen men from Chicago sit in a gondola in Venice on a moonlight night and brag about their drainage canal. I've seen a southerner on being introduced to the King of England hand that monarch, without batting his eye, the information that his grand-son on his mother's side was related by marriage to the Perkinses of Charleston. I knew a New York or who was kidnapped for ransom by some Afghanistan bandits. His people sent over the money and he came back to Kabul with the agent. 'Afghanistan?' the natives said to him through an interpreter. 'Well, not so slow, do you think?' 'Oh, I don't know,' says he, and he begins to tell them about a cab driver at Sixth Avenue and Broadway. Those ideas don't suit 'em. I'm not tied down to anything that isn't 8000 miles in diameter. Just put me down as E. Rushmore Coglan, citizen of the terrestrial sphere."

My cosmopolite made a large added and left me, for he thought he saw some one through the chatter and smoke whom he knew. So I was left with the would-be periwinkle, who was reduced to Wursburgers without further ability to voice his aspirations to perch, majestic, upon the summit of a valley.

I sat reflecting upon my evident cosmopolite and wondering how the pool had managed to miss him. He was my discovery and I believed in him. How was it? The men that breed from them they make up and down, but cling to their cities' hem as a child to the mother's gown."

Not so E. Rushmore Coglan. With the whole world for his—My meditations were interrupted by a tremendous noise and conflict in another part of the cafe. I saw above the heads of the seated patrons E. Rushmore Coglan and a stranger in the engaged in a battle. They fought between the tables like Titans and glasses crashed and men caught their hats up and were knocked down, and a brunette screamed and a blond began singing "Teasing."

My cosmopolite was sustaining the pride and reputation of the earth when the waters closed in on both combatants with their famous flying wedge formation and bore them outside, still resting.

I called McCarthy, one of the French garcon, and asked him the cause of the conflict.

"The man with the red tie" (that was my cosmopolite), said he, "got hot on account of things said about the bum sidewalks and water supply of the place he came from by the other guy."

"Why," said I, bewildered, "that man is a citizen of the world—a cosmopolite. He—"

# PHONOGRAPH GETS REVENGE; RECORDS HOWLS OF RADIO

WASHINGTON, April 6. (AP)—A novel type of evidence was officially taken into consideration today by the Federal Radio Commission in the form of phonograph records actually reproducing interference noises which obstruct radio listeners in New York City.

Erie Palmer of New York made the records which contain a fine set of squeaks and howls by placing the phonograph mechanism in front of a receiving-set horn and tuning in upon the various broadcasting operations. Commissioner Caldwell said the commission now would have an audible record of the interference in any given locality and could compare the situation with that existing in other parts of the United States.

Germany Passes Budget Bill for \$2,500,000,000

BERLIN, April 6. (AP)—After seven weeks of debate, the Reichstag today passed the 1927 budget, amounting to \$2,500,000,000. Many modifications were made in the document as originally submitted.

It is certain that an internal loan of about \$100,000,000 will be necessary to prevent a deficit, though Finance Minister Koehler is hopeful the revenue receipts will exceed expectations.

If gas or electricity is not available for your home, note the convenient substitutes advertised in FARM and ORCHARD MAGAZINE of the Sunday Times.

# MRS. LYDIG PETITIONS IN BANKRUPTCY

Fiancee of Late Dr. Grant Lists Her Liabilities at \$93,055.14

NEW YORK, April 6. (AP)—A voluntary petition in bankruptcy was filed today by Rita H. De Alba Lydig, listing liabilities at \$93,055.14. Assets of clothing, furniture and sundries were not evaluated.

The address given was that of the former Mrs. Philip Lydig who was Rita H. De Alba before her marriage to W. E. D. Stokes. She divorced both Stokes and her second husband, Mal. Lydig, later becoming the fiancee of the late Dr. Grant.

Mrs. Lydig and Dr. Grant were not married, owing to the refusal of Bishop Manning to give his consent. Dr. Grant died February 13.

**Pico Boulevard Center**

**Another G.D. Robertson Subdivision**

**BUILT UP ALL AROUND**

**Homes On All Four Sides Now!**

Schools, shops, theaters and boulevards on the north, south, east and west already adding values here.

For this one tract is the VERY LAST piece of property that can ever be subdivided and sold at these low opening prices anywhere on Pico Boulevard east of Fairfax.

HERE you can take full advantage of low lot cost, and yet have high loan value when you wish to build.

HERE your family will never need to "PIONEER," and yet your Pico Boulevard Center lot if bought today will cost no more than in many distant outlying areas where city advantages have yet to be created.

HERE and NOW—in the 26th successful Robertson subdivision in the Pico Boulevard area—you can invest in residence, income or business property with the certainty that Los Angeles has already swept far past your holdings and that values are already starting that steady climb that only comes with intensive development.

With Pico Boulevard on the NORTH, Venice Boulevard with its car line on the SOUTH, and the three splendid residential streets of Curson, Ellamere and Sierra Bonita running directly through the tract, you may rest assured that EVERY LOT in Pico Boulevard Center is a good lot and that you can get a real bargain as long as there is one left for sale at our present prices. But with over half the property sold you will have to hurry.

**G.D. Robertson & Co.**  
Hollywood Blvd., 6th and 11th Sts.  
Los Angeles, Calif.  
24th St. 19th St.

**WE DO NOT SELL ON SUNDAY**

Plan to call at the property before Saturday night if possible

**RUSTY WATER Spoils Your Bath**

Corrodible pipe soon clogs with rust and the "morning tub" becomes a "mud bath".

BRASS pipe never rusts. It gives an unending supply of clean water.

**COPPER & BRASS RESEARCH ASSOCIATION**  
25 Broadway—New York

Send for our illustrated book "The End of Rust Troubles" No charge

**Level View Lots:**

Pico Boulevard Center in some places is as much as 30 feet higher than surrounding built-up areas. But prices are lower and terms much easier.

**Income Lots:**

Unusual opportunity for high yielding income structures is possible on these double frontage lots.

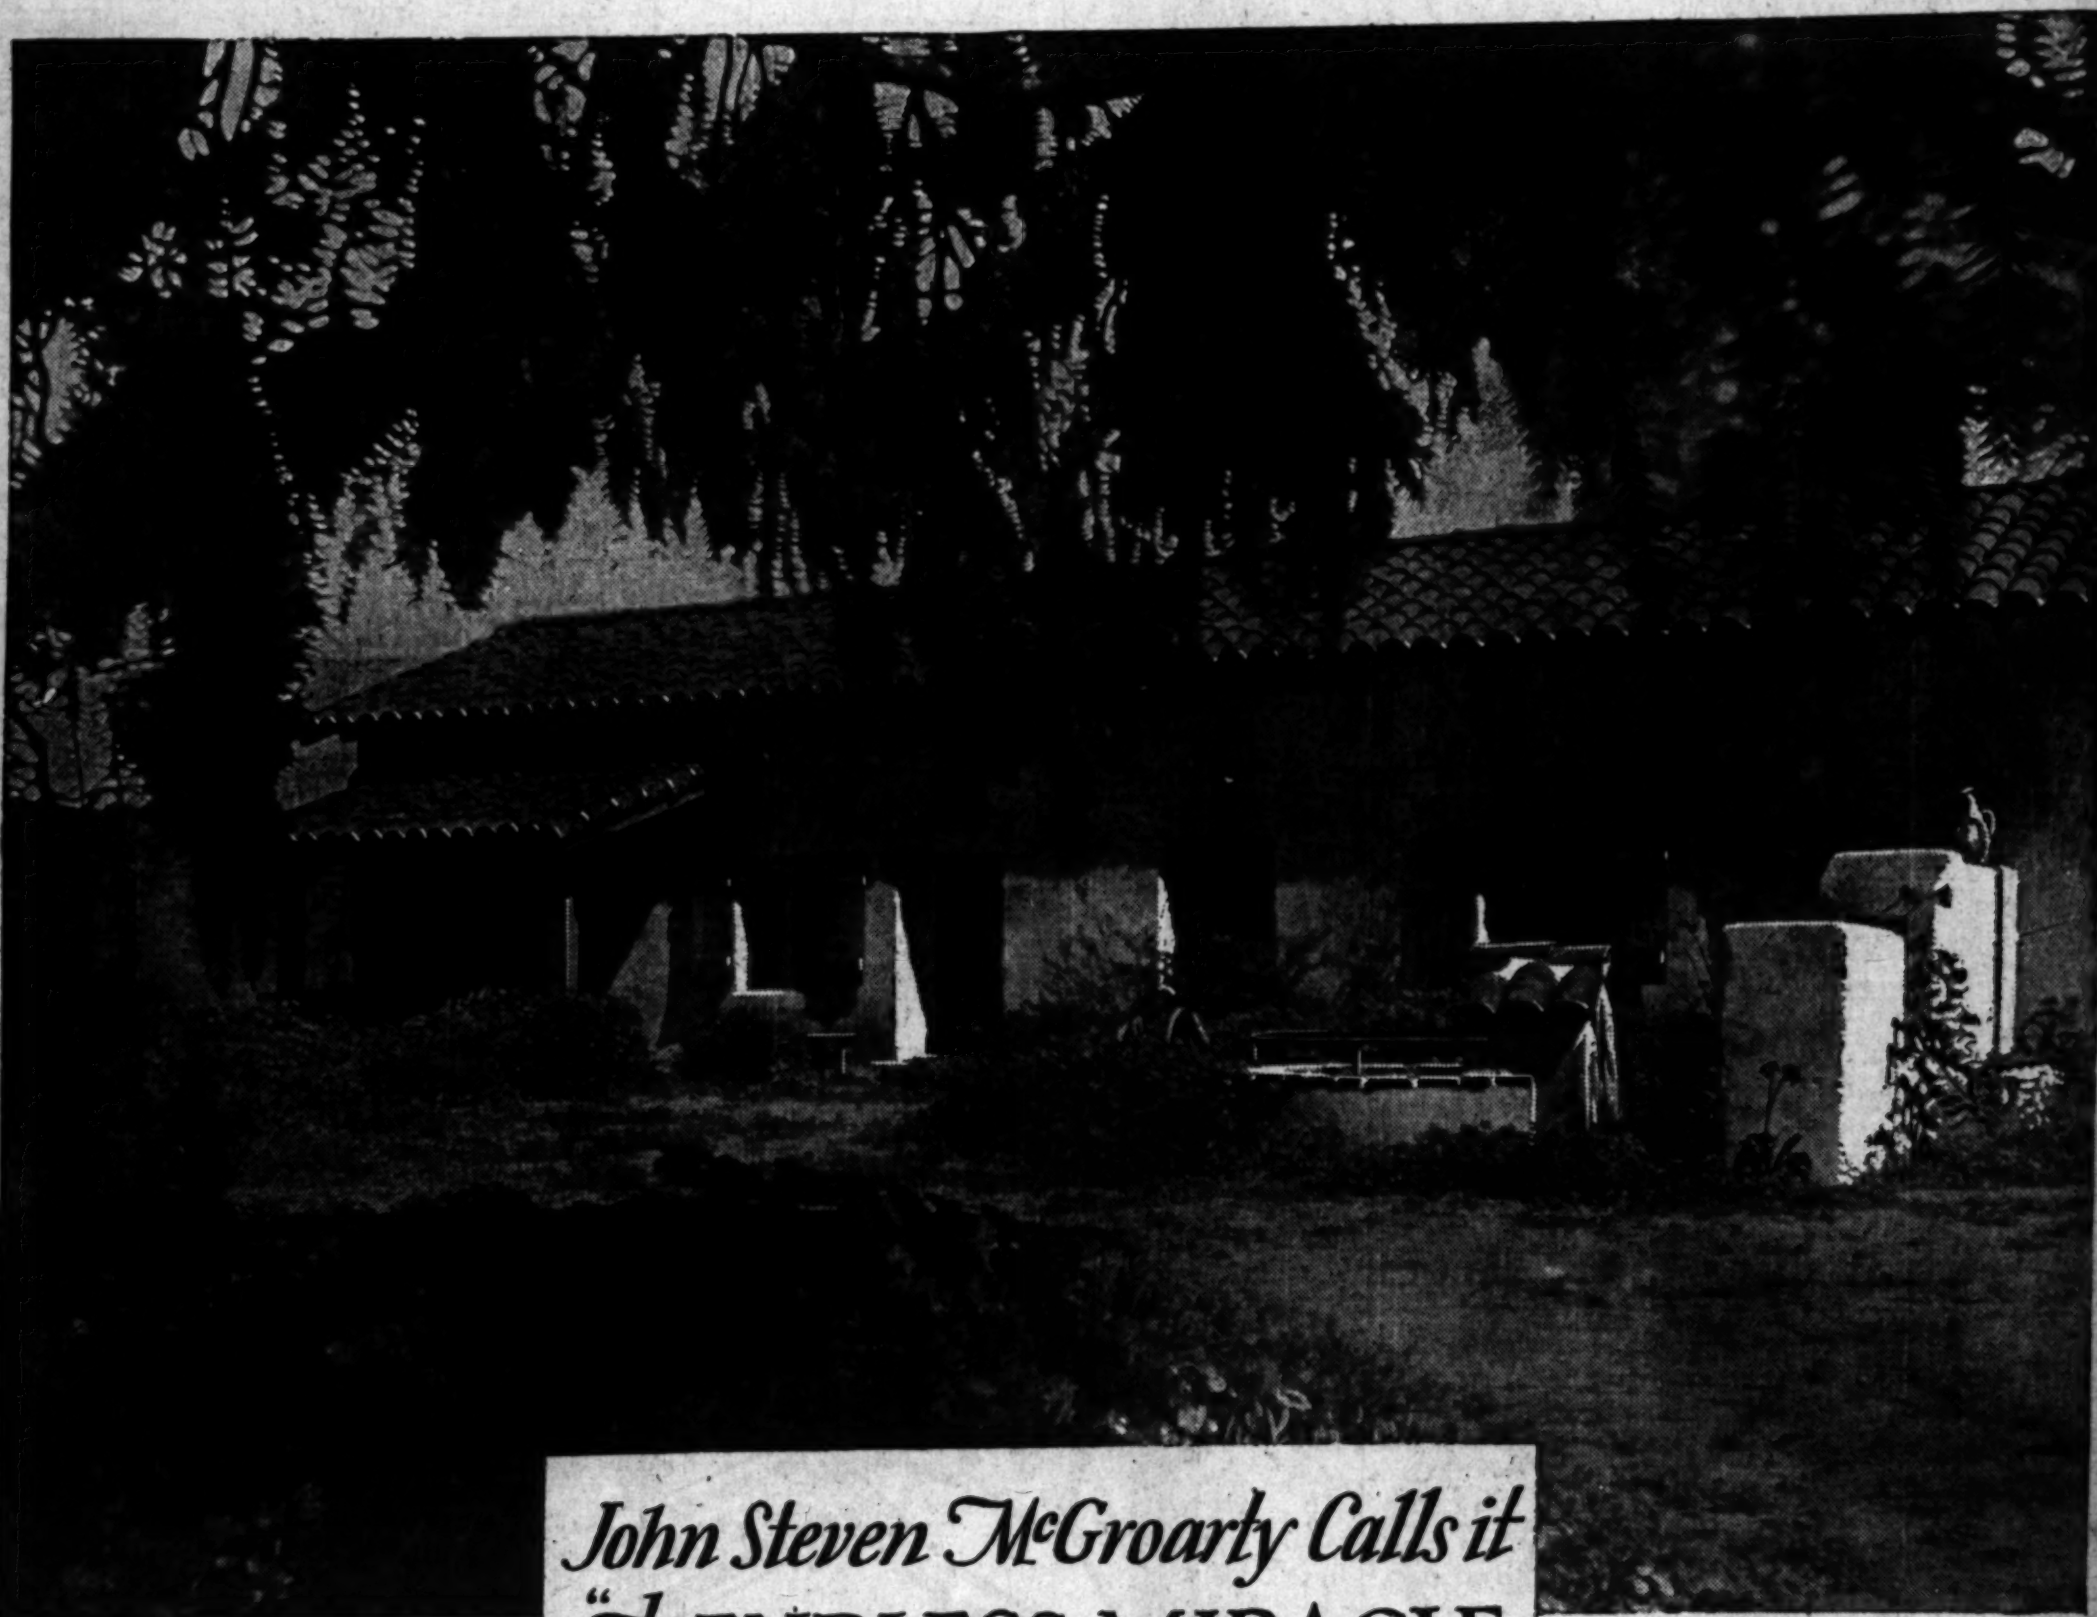

**Business Lots:**

Built-up home areas ALL AROUND make these few business lots on Pico and opposite the car stop on Venice Boulevard particularly valuable for immediate improvement.

*John Steven McGroarty Calls it*  
**"The ENDLESS MIRACLE**  
**of CALIFORNIA"**

**I**F these glorious days make you feel the cosmic urge to answer the call of outdoor California, come and indulge yourself at Rancho Santa Fe.

There's beauty everywhere down here, and in everything! Colorful landscapes touching mountains and sea. Red-tiled roofs against masses of green. Fragrance of new moist earth, of burning eucalyptus leaves, of new lavish growth in orchards and gardens. Bright sunshiny days and soft still gorgeous nights. Nature has never been more prodigal.

**It's a new season at Rancho Santa Fe—a great new season in this unique community of country estates—and the endless miracle of California is manifesting itself in many ways.**

Successful people from all over America are establishing here their permanent family estates. They are building Spanish homes, in conformity with the atmosphere of the old Spanish grant of which this 15-square-mile community is a part. In gardens and grounds, they are achieving the ultimate in loveliness, for topography is gently undulating, soil is rich and deep and water is plentiful.

In all of this development, careful control is exercised by the

management. Early planting or building is required. But inspiration and assistance are provided by qualified specialists in architecture and horticulture. And prices of land are exceedingly low.

Over \$4,000,000 has been invested in the upbuilding of Rancho Santa Fe, and \$10,000,000 will have been spent within a few years. Over 70 per cent of the property has been sold, yet because of careful planning, much of the choicest acreage, hitherto reserved, is now available. Every owner has committed himself to a definite schedule of development. Enhancement of values is therefore certain.

What a place for the building of a permanent country home! What a place to foster family tradition! Removed far enough from the City, and so restricted, that industry can never encroach. Yet provided with every wanted urban facility.

John Steven McGroarty, author of the Mission Play, has written the romantic story of Rancho Santa Fe in a little book which he calls "The Endless Miracle of California". If you are qualified to become an estate owner at Rancho Santa Fe you are cordially invited to send the coupon below for a copy.

Louden as Farmer

### Credit of Sapiro's Books to Shorten Testimony

**WITNOT.** April 6. (37)—Side-lights  
the interest taken in Aaron Sax-  
on \$100,000 libel suit against  
and as the eighth day of con-  
tention labored over the ques-  
of ascertainin co-operatives with  
has been affiliated and the  
be received.  
Presidential possibility by one  
the highest ranks when Sen-  
ator A. Reed of Missouri, chief  
the Ford committee, testified Pres-  
Lindzen, former Governor of Illi-  
as a "Socialist," and as "il-  
literate." Fullman of the Pull-  
man Company. Two stern re-  
from the court; and a recess  
by Senator. The case was set  
two days' employment by two  
men played them against each  
for personal gain.

[illegible]

and then with sarcasm de-  
ed:

**AS TO GOV. LOWDEN**  
Gov. Lowden: He never grow wheat, did he?  
He heatedly flashed his reply. "he may grow wheat. He grows some grains."  
"Is a capitalist, isn't he?"  
"Heed with the trace of a sneer."  
"replied Sapiro."  
"He been Governor of Illinois?"  
"of Reed"

He is not a capitalist," replied the angered witness. "He is a middle lawyer and a very fine one, probably the largest farmer in respects in the entire United States."

"Can he make his living farming?" asked the son-in-law of Pullman.

"The Pullman Car Company?" the witness asked in conclusion.

"No, I don't think he makes his living farming," replied the son-in-law of Pullman.

"No, Sapiro. "He makes his living working as a lawyer and by

and not many minutes until Sapiro were at it again. Judge Raymond stopped them. The most emphatic ruling he has made since the trial started.

**COURT EMPHATIC**  
The witness and counsel cannot use this sort of question and the court will have to inter-  
The court has submitted to it can submit to along that conversation is not to be in-  
henceforth."  
After time Judge Raymond ruled with the remark that he  
want to open the doors so  
would "take a year or two  
this case."

**POLITICAL TILT**  
**CONVICTS TRIAL**  
Disturbs Routine of  
Ford Libel Suit  
Reed Sarcastic on  
London as Farmer  
Sale of Sapir's Books to  
Shorten Testimony

APRIL 6. (P)—Sidelights  
were thrown today in Aaron  
Sapir's libel suit against  
the London Evening Standard  
and its editor, when the  
convicted murderer, Frank  
Taylor, was called to the  
stand to testify.

Reed, former Governor of  
Illinois, and as "the  
most powerful man in the  
country," was called to the  
stand to testify. Two stern  
remonstrances by the  
court, and a renewed  
warning by Judge Reed that  
any further defiance would  
result in imprisonment, by  
two judges present against each  
other for the personal gain.

**REED'S CHARGE**  
The second time since the trial  
began, Judge Reed specifically  
charged the London Standard  
with libel. He said the paper  
had libeled him by calling him  
a Jew and a criminal. He  
said the paper had also libeled  
him by calling him a "capitalist."  
He said the paper had also  
libeled him by calling him a  
"farmer." He said the paper  
had also libeled him by calling  
him a "man of straw."

**FIFTEEN KILLED  
IN PLANT BLAST**

Seven Others Injured in  
Wyoming Disaster

Blaze Following Explosion  
Subdued by Firemen

Loss to Refinery Company  
May Run to Million

PARCO (Wyo.) April 6. (P)—  
Something went wrong with a Dobbie  
high-pressure still in the plans of  
the Producers and Refiners  
Corporation here today and the ensuing  
explosion killed fifteen employ-  
ees, injured seven others and wrecked  
most of the windows in this mod-  
ern town of yellow concrete build-  
ings. Awakened by the detonation,  
residents rushed to the plant to  
find it a mass of flames but suc-  
ceeded in rescuing a few of the in-  
jured workers.

**ROASTED IN TOWER**  
William Dodd, the other worker,  
clung to his perch on the tower and  
the rescuers found his charred body  
when the steel had cooled suffi-  
ciently to permit their climbing it.  
The dead: John Paul Palmer,  
Frank Taylor, W. W. Dodd, Frederick  
Jensen, P. S. Payer, Albert Smith,  
Victor Nickerson, Clarence Fossy,  
Victoriano Montoya, Orellio Mar-  
tin, R. N. Sherman, E. R. Welch, O.  
G. Turpin, Arthur Ayala and Calvin  
Smith.

**COST RUNS HIGH**  
The disaster, it is estimated, will  
cost the State of Wyoming between  
\$75,000 and \$100,000 in compensation  
to the widows and orphans of  
those killed, under the State's com-  
pensation law. The loss to the Pro-  
ducers and Refiners Corporation, it  
was estimated, will amount to be-  
tween \$500,000 and \$1,000,000.  
Nearly all of the victims were mar-  
ried men with families of from one  
to three children.

**VALLEJO WILL HOLD  
RUN-OFF ELECTION**  
VALLEJO, April 6. (P)—Fred Heag-  
ler, barber, was elected yesterday to  
succeed Mayor Drayton. Edwin  
Blanco and Carl Mitchell will hold  
a run-off election for City Com-  
missioner. Mrs. Virginia Rhodes, first  
woman candidate here, was named  
commissioner.

**TIME-SAVING DEVICES**  
for home and ranch are adver-  
tised in the FARM and OR-  
CHARD MAGAZINE, of the  
Sunday Times.

EXPRESSIVE of the daintiness of all Eliza-  
beth Arden preparations are the Venetian  
Rose Bath Salts, rose-tinted and rose-perfumed.  
They soften the water and leave the skin delicately  
fragrant. In glass jars, \$1.75 and \$3.00.

## Poudre d'Illusion

MISS ARDEN'S own powder is  
made in six lovely shades to blend  
with each blonde or brunette complexion.  
Banana has just enough yellow to  
subdue the flush of the face, Illusion is  
a peach blend for the fair skin. And  
there are Rachel and Ocre for the olive  
and golden-tinted skins, and Minerva,  
a "sunburn" shade. \$3 the box.

## For Beauty

ELIZABETH AR-  
DEN'S preparations are  
not limited to those which  
beautify the skin. There are  
some for the hair and lashes;  
for the eyes and teeth; hands  
and nails; Snowdrift Talcum  
and Lotion for the bath.  
She has foreseen and prepared  
for every beauty need of the  
body in her creams, lotions  
and powders.

## Venetian June Geranium Soap

FINE Imported Bath Soaps, made in England  
exclusively for Elizabeth Arden. Large  
chubby cakes, fragrant of rose geranium at 50c  
each. (Boxes contain 6 cakes.)

Guest cakes at 25c each, 6 cakes to the box.

## Arden Beauty Boxes as Easter Gifts

AN Arden Beauty Box would be a pleasant  
Easter gift, packed with fragrant creams  
and lotions to keep the skin soft and clear in de-  
fiance of summer wind and sun.

Week-End Beauty Box is the smallest one, to be  
tucked into the overnight bag. Especially ap-  
preciated when one is visiting and wants to look one's  
best. \$3.85.

The Bijou Beauty Box contains only the important  
preparations which must be used every day—along  
with those finishing touches which add so immeas-  
urably to one's appearance. \$14.

The Boudoir Beauty Box is a luxurious gift,  
packed with the necessities and vanities which one  
enjoys at home; the astringents, creams, eye  
preparations, powder, lip paste and tissues. \$18.  
(\$25 in a leather case.)

And there is a very completely fitted Beauty Box  
in a case of black leather, at \$75.

# Elizabeth Arden and Beauty

THE FRENCH HAVE A WORD, "SOIGNE," WHICH EXPRESSES THE SORT OF  
BEAUTY THE SOPHISTICATED WOMAN DESIRES: A CULTIVATED, CARE-  
FOR BEAUTY WHICH EXCEEDS IN DELICACY THE UNTRAINED BEAUTY NA-  
TURE BESTOWS. IT IS PLEASANT TO KNOW THAT THIS SORT OF BEAUTY IS  
ATTAINABLE BY ALL WOMEN—PERFECT GROOMING, REFLECTED IN BEAU-  
TIFUL SKIN, SOFT WHITE HANDS AND GLEAMING HAIR, TO THE PLAIN  
WOMAN GIVES THE POISE AND THE EXQUISITENESS WHICH MANY FIND AS  
ALLURING AS BEAUTY OF FEATURE. UPON THE PRETTY WOMAN IT BE-  
STOWS THE FASTIDIOUS DAININESS WHICH IS HER CHARM. AND TO THE  
TRULY BEAUTIFUL WOMAN IT BRINGS THE COMPLETION OF HER LOVELI-  
NESS, THE ACCENT WHICH EVEN BEAUTY NEEDS.

Elizabeth Arden's preparations achieve the soigne look of the perfectly-  
cared-for skin. The treatments given in the Salon are delightful both  
while one is under the soothing, cooling hands of the operator; and  
when one sees one's radiant self afterward in the mirror.

## Elizabeth Arden Salon

LOS ANGELES women are fortunate in having an Elizabeth  
Arden Salon where they can avail themselves of her resultful  
beauty treatments. Each expert who gives these treatments has  
been trained by Miss Arden herself—thoroughly schooled by her  
in the carefully-wrought plan of procedure.

Each woman who places herself in the hands of one of these  
experts sees her skin refreshed, revived, aglow with youthful  
radiance.

SEVENTH FLOOR

Elizabeth Arden preparations are  
for sale on both the First and Sec-  
ond Floors—the Salon is on the  
Seventh Floor.

Allocation Announced  
to Flood Company

Concern Operates Fleet of  
Four Freighters

Plies in West Coast  
European Trade

With the allocation of Berth No. 11 in the Harbor Commission's yard, the announcement of the entry of the Flood Line into the Pacific Coast-Northern European trade.

Mr. A. R. Paulsen, president of the Flood Line, announced that the company's fleet of four freighters will be agents for the service.

The first vessel under the new contract will be the steamer Dalblair, which left Antwerp March 30, last, and is expected to arrive here about the last of the month. She has 7000 tons and is equipped with 4000 horsepower.

The Flood Line is an outgrowth of Flood Line's chartering business out of Antwerp, which has developed into a regular scheduled service.

# STOCKS AGAIN HIT NEW HIGH

General Motors and U. S. Steel Common Lead Advance

Bullish Sentiment Fanned by Favorable Trade News

Pierce Arrow Slumps as Prices Are Slashed

NEW YORK, April 6. (Bywire)—The cotton market was stronger and higher today, with a better class of trade buying and no further selling pressure of importance. A development that attracted attention was the export from August 1 to date going above 9,999,999 bales, against about 8,800,000 in the same time last year.

This is the largest amount of cotton shipped for the eight months period of the cotton statistical year on record. It makes the total for the year ending July 31 as likely to reach 11,000,000 bales, against the previous record of about 10,600,000 bales in 1911-12, which developed from pre-war conditions, with heavy volume of consumption throughout Europe and on the continent.

These record-breaking exports and the prospect that American mill consumption will reach 7,000,000 bales this year, make it apparent that the amount of cotton to be carried over from July 31 into the new cotton statistical year will be far less burdensome than had been looked for up to a month or two ago. This is having the effect of stabilizing cotton values around the current range of prices, with the planting season in the belt for the new crop somewhat toward and a good reduction in the use of fertilizer for the new crop now indicated.

The National Fertilizer Association's report, out today, shows fertilizer sales for four months from December 1 to March 31 totaled 2,865,968 short tons, against 2,844,900 in the same time last year and 2,804,040 in the previous season.

Prices, after starting about where they left off yesterday, worked up gradually to 12 and 15 points over their closing quotations. May sold at 14.25 cents; July, 14.35 cents; October, 14.50 cents; December, 14.75 cents and January, about 14.80 cents. Despite considerable local profit taking at this rise, most of the gain was held in the late trading.

At Liverpool spot cotton was unchanged at 7 3/4 d for middling, while futures closed steady at 1 to 2 points advance on the day against the decline of 1 to 2 d.

MARY CHRISTINE ALBIN TRIO

J. WALTER LEOPOLD

KFI Radio Trio Leaves for Honolulu Trip

The old Herald Square in 1906, Lillian Russell took the title role. "Carmen, Skimmey, the water's fine" is in danger of being succeeded in radio annals by the new KFI slogan, "The Voice by the Sea." This is probably another case of what the wild waves (radio or ocean) say.

K-H-J The Times

TODAY'S PROGRAM  
6 p.m. J. Walter Leopold in popular songs and KFI Trio.  
8:30 p.m. The children's hour: Melita Bennett, "Gingerbread Girl," Jeanne de Bard, "Bonnie Jeanne," Joyce Coad, "Little Red Riding Hood," Rosetta Lewis, "Curly Locks," David Boothall, saxophone pupil of Louis D'Appolito, Thompson Progressive School of Music; and Billie Moore, child reader; Onice Jones, violinist.  
7:30 p.m. Evening Scripture reading delivered by L. C. Lucas, pastor of Crescent Heights Methodist Episcopal Church.  
7:40 p.m. Weekly health talk by Phillip M. Lovell.

DR. BAER TO HEAD DRIVE FOR CHURCH

Pastor Pension Campaign of Presbyterians Will Open 21st Inst.

The Presbyterian pension campaign will open in fourteen Western States, including California, on the 21st inst. Los Angeles is campaign headquarters for the Pacific Coast.  
The campaign seeks to raise \$15,000,000 to finance the new pension plan for aged Presbyterian ministers, their widows and other dependents. Two-thirds of this total already has been raised by Presbyterians east of Chicago. The remaining \$5,000,000 is being sought in the West.  
The western campaign will close its time for checking and report to the general assembly, which will meet at San Francisco next month. According to Dr. A. B. Prichard, moderator of the California synod, the movement to put pensions upon an actuarially sound basis originated at a synod meeting in Los Angeles in 1922.  
Dr. John Willis Baer, Pasadena banker, is campaign chairman for the Pacific Coast. He was appointed by Will H. Hays, chairman of the national committee.  
Under the pension plan, minimum allowances to ministers will be \$600 a year, as against the present average of \$348. Widows and minor children are similarly provided for. In future, pensions will be upon a contributory, self-perpetuating basis, with ministers and churches both contributing.

GRAND JURY INDICTMENT FOR ORRELL

Bills Accuse ex-Cashier on Twenty Counts Involving Total of \$139,525.30

Schuyler D. Orrell, 26 years of age, cashier of E. F. Hutton & Co., brokerage firm, was indicted by the grand jury yesterday on twenty counts of embezzlement, aggregating approximately \$139,525.30. It is charged he embezzled the money from the brokerage concern and lost it trading on the market.  
The indictment against Orrell, who was employed by Hutton & Co. for seven years, was returned before Superior Judge Burnell, who fixed bail at \$25,000. At a late hour Orrell had not posted bond and was being held at the County Jail. Howell Richardson is his attorney.  
It is probable he will be arraigned today before Judge Burnell. A complaint accusing him of embezzling \$16,000 and which was issued by Dep. Dist. Atty. Murray to hold Orrell for the grand jury, is expected to be dismissed today in Municipal Judge Wilson's court.  
In a confession he is said to have made to his employers, Orrell estimated his defalcations at \$244,000, of which \$75,000 was recovered through the sale of stock he had in his possession when arrested. He asserted his defalcations covered a period of eighteen months.

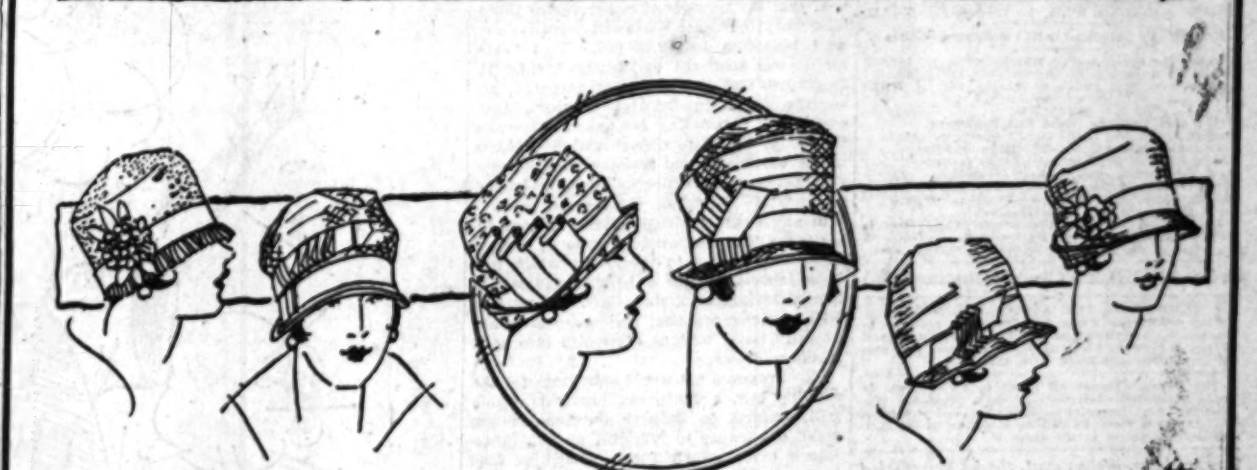

Six Los Angeles Students to Get Sigma Xi Pins

Six students from Los Angeles were elected recently to membership in the California chapter of the Sigma Xi, national scientific honor fraternity. They are Harold Blum, Samuel Geffen, Charles Smiley, Clyde Allen, David Cleave and Margaret Gullen.  
Sigma Xi is a national scientific honor society, to which full membership is not granted until the candidate has produced at least one published work. Associate membership is granted to men and women who show promise as research workers. Election to the society is also based on high scholarship.  
Many of those elected to the California chapter are graduates of other American and European universities, who are doing advanced work at the University of California. Most of them hold bachelor of arts degrees, and a considerable number the master's degree.  
The new members will be initiated next Wednesday evening.

BUILDERS' EXCHANGE TO FETE ANNIVERSARY

After better than a third of a century of usefulness and growth, the Los Angeles Builders' Exchange pauses for a brief space tomorrow night to celebrate its thirty-fifth anniversary. The occasion will be marked by a banquet at the Biltmore, when it is anticipated more than 500 members and guests will sit down to the dinner that begins at 6:30 o'clock.  
Prominent men of affairs and capitalists of industry will be among the speakers. Delegates from chambers of commerce of all Southern California, heads of city and county governments of Los Angeles and their ladies are among the invited guests.  
One of the features of the evening will be the payment to the donors of the building fund, visualizing dramatic and significant steps in the growth of the Miracle City. The evening will close with dancing.  
The Builders' Exchange was actually founded in 1870 when pioneer builders got together for the betterment of building conditions. The real birth of the organization, however, occurred April 9, 1902, when its articles of incorporation under the laws of California were filed with the Secretary of State at Sacramento. Throughout the years of its existence, the general purpose has been to raise the standard of the building industry, not only in Los Angeles, but up and down the entire Pacific Coast, where its activities are now evident.

Bullock's Basement Store

A Pre-Easter Offering Friday (Not Today) Crochet Visca Hats At \$2.85

—The styles illustrated and many others made of Crochet Visca in solid colors and nacre or multi-color effects—and priced much less than regular for this Pre-Easter offering at \$2.85—Friday (not today.) Hats with small and medium head sizes—becoming styles suitable for school girls, young women and matrons.  
Early Morning shoppers will find hats in white, black, yellow, orchid, green, red, Copen, gray, French beige, Mother Goose, monkey skin, pink and many other colors—trimmed with gros grain ribbon band and fancy or with small bunch of flowers fastened smartly at the side.  
Hat values that to see is to appreciate—both the cut and this advertisement fail utterly to do justice to the unusualness of the values in this Pre-Easter offering at \$2.85—Friday (not today.)  
Bullock's Basement Store

Friday (Not Today) 39-Inch Satin Crepe \$1.95

—an extra heavy silk crepe, dull finish on one side and sleek satin on the other—a beautiful weave that is perfectly reversible—Choice of navy, Queen Blue, French Blue, Nile, pink, coral, May rose, French Gray, claret red and many others at a much less than regular price—\$1.95 yd.—Friday (not today.)  
Bullock's Basement Store

Friday (Not Today) 54-Inch Georgette \$1.95

—a good weight, pebble weave crepe that is fine and sheer, yet very durable—May be had in pink, orchid, coral, Mother Goose, bachelor button, French gray, Queen blue, rose beige, gooseberry, Athenia, Palmetto, monkey skin, marine, white and black—at a very much less than regular price—\$1.95 yard—Friday (not today.)  
Bullock's Basement Store

An Opportune Feature Offering Friday (Not Today) Dainty Tub Frocks \$2.95

—cleverly fashioned of a soft finished lustrous material that closely resembles silk—these dresses will wash and wear splendidly—and are very special values—at \$2.95 Friday  
Illustrated are just four of the styles and there are many others suitable for porch, home or garden—for afternoon or school wear—  
The styles illustrated are in sizes 14 to 20 and there are others in sizes that range up to 44 in this pre-Easter offering at \$2.95—Friday (not today.)

SHE O  
TO BE

PHYSICIAN  
CITY PASSES

Donnell Rounds Out  
Life of 91 Years

Distinction as Surgeon  
in Civil War Days

Noted as Legislator and  
Educator

Donnell was a prominent  
physician, educator, and  
legislator. He was born in  
1836 and died yesterday at his  
home in Los Angeles, following  
an illness of several weeks.

He was 91 years of age, and his death is at-  
tributed to the infirmities of old  
age.

Our friends are sure to be  
grieved by the news of his death,  
and we do so too.

It seems as though the  
passing of this old man would  
be a loss to the city.

The proof of his life was  
other men believe that he was  
worse than ever.

# LETTERS TO The Times

[Name and address of writer must  
accompany all letters for this column. Let-  
ters of a personal nature or involving  
controversial religious questions are not  
acceptable.]

A Difficult Choice  
LOS ANGELES, March 31.—[To  
the Editor of The Times:] Another  
election at hand and with the  
best possible intentions many con-  
scientious voters are going to vote  
wrong. I expect to be among the  
number. How can I tell who is  
"a most righteous judge—a learned  
judge?" Some are little more than  
boys who I am assured have done  
nothing on the bench, yet these  
young men cannot have the ballast  
of wisdom, maturity or learning  
imperative to a judicial position.

Some candidates I have heard ap-  
peared indirectly to religious prej-  
udice (quite unconsciously, I pre-  
sume) racial antagonism and even  
to political bias. "Out of the full-  
ness of the heart the mouth speak-  
eth" and when candidates for the  
judiciary appear before the public  
it is often with unfair results  
to themselves.

One made a correction of the  
spelling of his name with such in-  
sistence on ancestry that it, in my  
opinion, boded ill for fair-minded  
decisions. Should one vote for  
such a person? I could not. When-  
ever they stated their affiliations,  
their religious or political creeds  
I challenged their right to a posi-  
tion on the judiciary. It even oc-  
curred to me that the law seems  
to be the one profession in which  
education does not seem to edu-  
cate. Men with so-called law de-  
grees come out bigoted, narrow-  
minded, intolerant and even illi-  
beral men.

We cannot afford to have fanatics  
on the bench, reformers belong-  
ing to the church and the too-liberal  
misguided judge is as great a menace  
as the other extreme. The least  
that should be expected of the Bar  
Association is that they keep these  
candidates on a legal scale and  
set certain standards of citizenship  
and present them to the electorate  
with a guarantee of high-minded-  
ness, balance, integrity and a ju-  
dicial temperament. This might  
reasonably be expected to limit  
from 35 to 70 years retirement.

Cecil M. Hilton.  
Ross Field

ARCADIA, April 3.—[To the Ed-  
itor of The Times:] Relative to  
the action of the County Board of  
Supervisors petitioning the Army  
Department at Washington, D. C.,  
to relinquish the rights to Ross  
Field, Arcadia brings out a query  
as to the final disposition of this  
shrapnel site.

Arcadia has had this white ele-  
phant upon its hands since the clos-  
ing of the World's war, forsaken  
and deserted, with the exception  
of a few ex-service men who have  
been given the privilege to squat  
there. While others are using the  
grounds as a golf course.

Now there is going to be a lot of  
unwinding of red tape, coupled  
with political influence, to con-  
vince Washington that we need  
this field for something else.

What can Ross Field be used for?  
Some are agitating to make it  
into a public park, others wish  
to see it subdivided and made into  
homes and, on the other hand, read-  
ing between the lines of the re-  
ports coming from the State cap-  
ital at Sacramento, this particular  
Ross Field would make a doubly  
valuable site for a southern prison  
as it is proposed for the south here.

Arcadia does not want and will not  
have a prison within its boundar-  
ies. If we can help it and as for  
a public park, we can well do with-  
out Los Angeles county today has  
more parks and recreation centers  
than it knows what to do with.

What we honestly want is a park  
that will place Arcadia on the map  
as the map as an industrial city.

Ross Field will be on the market  
as an industrial site. The Army  
Department does not want it.

ARTHUR B. BONNER.

Who Annexes What?  
LONG BEACH, April 1.—[To the  
Editor of The Times:] The Press-  
Telegram had an account on March  
30 saying a certain clique of Los  
Angeles men with money were try-  
ing to elect a new Council. This  
would be favorable to the plan of  
annexing Long Beach to Los An-  
geles.

Now I imagine that this is only  
a little propaganda to frighten a  
few weak-kneed, gullible, old fo-  
gies into thinking that if we were  
annexed to your city they would  
lose all of their earthly belongings.  
I am much pleased to be able to  
get The Times every morning, as it  
is fair and honest in its way of  
saying things on any subject.

If the Press-Telegram should  
happen to get an idea that it would  
elect its old cronies, now in the  
Council, it might suggest that they  
were going to annex Los Angeles  
to Long Beach.

If such a thing should happen  
please advise your citizens not to  
get a bit worried.

EDWARD PRESTON.

The Wandering Boy  
BROOKLYN (N. Y.), March 23.—  
[To the Editor of The Times:]  
Somewhere in your city we have a  
son answering to the name of John  
D. Fisher, who has forgotten his  
parents.

Over two years ago we received  
a letter from him postmarked Los  
Angeles promising to be home  
shortly.

Since then never a word.  
As we are both entering the evel-  
ing of our life our mind would  
be more at ease if we could be  
placed in communication with him.  
May we ask of you to try and  
trace him through your paper, so  
he will know that there is a moth-  
er anxious to hear from him.  
Thanking you very kindly,  
from a mother's heart,  
(Copyright, 1927, by the Bell Syndicate, Inc.)

Experience shows that if Lon-  
don were to use a subway they  
want the bait of a railway station  
at the end of it," says a traffic au-  
thority.—[Vancouver Province.]

WOMEN REFUSE TO USE SUBWAY  
Pedestrians prefer risks. That is  
the conclusion pointed to by a  
"census" taken at Westminster,  
London, Eng., which shows that only  
an insignificant minority of the  
thousands who cross Whitehall daily  
will use the subway constructed at  
great expense for the safety of foot  
passengers.

The actual figures are being con-  
sidered by the works committee of  
Westminster City Council, and the  
report on the general results of the  
"Please Cross Here" experiments is  
being sent to the Ministry of Trans-  
port.

The enumerators appointed to  
watch the "descent of man" at  
Whitehall have been struck by the  
fact that women are even shyer of  
the subway than men.

The subway's inestimable disad-  
vantage is urged as one reason for  
the avoidance of the subway. An  
idea that talking to the subway  
suggests a lack of nerve may be ab-  
other.

## "Oh, for a Lincoln!"

MOORE'S  
[Protected by George Matthew Adams]

NATURAL STEAM POWER  
Volterra, an Italian town, said to be  
one of the oldest in the world, even older  
than Rome, was one of the first centers of  
civilization to use electricity generated on  
a large scale by natural steam power from  
the earth. This underground steam sup-  
plies electricity to Florence, Siena and other  
cities, and around the big power houses  
a new town has sprung up to provide living  
quarters for many workers and their fam-  
ilies.

Our government is now drilling for steam  
near the crater of Kilauea, in Hawaii, with  
the idea of using it in the way it is em-  
ployed in Italy. Closer home, in Alexander  
Valley, Sonoma county, six wells have been  
drilled recently in a region abounding in  
pulsing springs. One of the wells produces  
50,000 pounds of steam an hour and the ca-  
pacity of four of them is said to be 1000  
kilowatts. The roar of the escaping steam  
may be heard for miles.

The development of natural steam power  
in California was undertaken by Dr. Arthur  
L. Day of the Carnegie Institution's geo-  
physical laboratory. Two of the Sonoma  
county wells, when tested by a big elec-  
trical corporation, gave such a promising  
demonstration that other power companies  
and promoters are eager for the institute  
to investigate similar "steam fields" else-  
where.

Dr. Day says that the steam coming from  
the earth in Sonoma county has so little  
acid content that it will not corrode the  
casing of a well, the valves or any of the  
machinery, while that rising from the  
ground in Volterra contains so many im-  
purities that it is necessary to use alumi-  
num piping to prevent corrosion. With this  
advantage and considering the enormous  
amount of subterranean steam available in  
California there would seem to be no rea-  
son why cheap power in abundance should  
not be harnessed to generate and transmit  
thousands of horsepower over a wide ra-  
dius.

There are several hot springs in Southern  
California and in time some of these also  
may be utilized to provide cheap power and  
light to the cities of this part of the State.  
For years Edison and other scientists have  
been looking for a great natural storage  
battery. Here, it would seem, is its equiv-  
alent, and science has only to devise means  
for its full development and application to  
human requirements.

A DESERVED DISTINCTION  
In appointing Harry M. Robinson of  
Los Angeles as one of the five delegates to  
represent this country at the coming finan-  
cial and economic conference to meet in  
Geneva next month President Coolidge not  
only recognizes the ability of Mr. Robinson,  
whose distinguished services on the Dawes  
Commission are well remembered, but he  
also recognizes the importance of this city  
as a great financial center. Some of the  
most successful bankers in the country are  
to be found in Los Angeles, among them  
the President's appointee, who also has  
made an enviable name for himself as an  
attorney.

That Los Angeles should be represented  
at an international conference on finance is  
seen to be eminently fitting when one con-  
siders the tremendous growth of its bank-  
ing and other financial business during the  
last decade. Ten years ago our bank clear-  
ings ranged from \$4,000,000 to \$5,000,000  
daily. At the present they are hanging  
about the \$30,000,000 mark. Last year  
showed a great gain in this respect for our  
banking institutions. The gain in clearings  
for the whole country over those for 1925  
was 2.6 per cent, while for Los Angeles  
they were 12.6, placing the city seventh on  
the list of the great financial centers of  
America.

Population has its effect upon financial  
transactions, but there are other factors to  
be taken into account. For example, the  
bank clearings of Boston range about \$40-  
\$50,000,000 a day, and yet Boston, according  
to the recent estimate of the Department  
of Commerce, has but 660,000 inhabitants,  
while Los Angeles has 1,265,000. But it  
must be borne in mind that Boston has  
been the center of great financial opera-

tions for many years, while only a decade  
ago those of Los Angeles, while by no  
means negligible, were quite small com-  
pared with those of the long-established  
financial capital of New England.

Another tribute to California brains in  
the financial and economic field is the ap-  
pointment of Dr. Alonso E. Taylor of Stan-  
ford University and Dr. Julius Klein, for-  
merly of San Jose but now in Washington,  
as one of Secretary Hoover's able lieuten-  
ants. This virtually gives California three  
of the five American representatives in the  
conference, an unusual honor for any State.

Dr. Taylor has a national reputation as  
an expert in agricultural economics, while  
Dr. Klein, a graduate from the University  
of California, has been in important gov-  
ernment service since 1923, or soon after  
his resignation from the faculty of Harvard.

Without question these three men ably  
represent not only California, but the  
whole nation, in the deliberations of the  
conference and fully uphold the idea of  
President Coolidge, expressed in his mes-  
sage of February 8, that "this country  
should stand ready to aid in the study of  
means to promote economic progress."

"CHILDREN AND DOGS"  
Theodore Roosevelt is being remem-  
bered these days in Los Angeles. A mag-  
nificent office building on West Seventh  
street bears his name and a great hotel in  
Hollywood crowns his memory with its elan-  
ce. When The Times notes the number  
of children homes in America and the cry  
of the landlady for her "children" and  
does not allow in this building it is con-  
strained to think of this American Presi-  
dent who publicly spoke of the shame of  
America's sterility and pleaded for larger  
families in the homes of those Americans  
who were able to rear them in proper cul-  
ture and in healthful surroundings. We ex-  
pect that "Teddy" had read history and  
knew that Benjamin Franklin was of a fam-  
ily of seventeen children; he knew that  
John Wesley was one of nineteen, that Na-  
poleon's parents had thirteen kiddies in the  
home; and that Charles Dickens was reared  
in a family of eight children, Gladstone of  
seven. Now we must have more than  
two, a boy and a girl, and the boy must be  
three years older than the girl, so as to  
take her out to parties at nights and not  
bother dad.

SPRING'S FIRST VOICES  
By James J. Montague  
When little tadpoles have to swim  
around and round and round history  
The pond so deep and damp and dim.  
They never make a sound.  
They probably would like to sing;  
They know nice tunes, no doubt—  
But really there is not a thing  
For them to sing about.

But when they chuck their tiny tails,  
And grow to little frogs,  
And view the spring enchanted vale  
From tops of mossy logs—  
And see the new-born flowers rise  
From out the waking earth  
They roll their bulging little eyes  
And sing for all they're worth.

And so, as all the winter through,  
You pass the icy pond,  
Or wander o'er the bog to view  
The mountains on beyond,  
The tadpoles, in the mosses curled,  
You do not hear or see—  
And all the winter-burdened world  
Is quiet as can be.

But if you seek the swamp tonight,  
That lies beneath the hill  
You'll hear them chant their loud delight  
In silver trill on trill.  
No more they huddle, sad and glum,  
For now the cold has passed—  
They shout aloud that spring has come  
And they are frogs at last.

LOS ANGELES (Loco Ahng hay! ai)

MEMBER OF THE ASSOCIATED PRESS  
The Associated Press is a corporation organized  
for the purpose of gathering news and distributing  
it to its members. It is not a newspaper and does  
not publish any news.

Bad laws, if they exist, should be repealed  
as soon as possible; still, while they continue  
in force, for the sake of example they should  
be religiously observed.

HER PEN MONEY  
The actress who has had her legs in-  
sured for \$500,000 never worried much about  
the overhead.

SOME IN THE CITY  
Although there has been a great rush  
to new fields in Nevada, all the gold-diggers  
are not in that State by a good deal.

MISSIONARY WORK  
Charlie Chaplin has been invited to  
make his home in Russia. Well, goodness  
knows Russia needs something to cheer  
it up.

LICENCED GAMBLING  
Last year the French government gar-  
nered some \$12,000,000 of revenue from the  
various gambling games that are publicly  
licensed. There is a wild suspicion that  
the long end of this doury came from the  
pockets of American tourists.

BIRTH OF THE NATION  
The new Pullmans have regular beds  
instead of the nests of bunks that have  
been familiar to the traveling public for the  
last sixty years or more. The new birth  
of the nation should call for much less ath-  
letic prowess and more physical comfort.

THERE'S A REASON  
An observer who writes for the mag-  
azines says that Williamson county, Illinois,  
is the most thoroughly and completely  
unionized district in the United States.  
Also there is less respect for life, law and  
order than in any other section of the coun-  
try.

SEEKING THE ELEPHANT  
When the King of Siam went visiting  
lately there were eighty-five gaily caper-  
ing elephants in his entourage. That is  
a nice outfit to drop in and take pot-luck  
with a neighbor. Imagine a guest bringing  
a flock of elephants as part of his  
week-end baggage.

THE CITRUS BELT  
A Cincinnati man recently ate sixty-five  
full-sized oranges at a single sitting and  
then begged for more. Our Football Boule-  
vard would carry a powerful appeal for a  
ditch with padding like that. He ought  
to be a naval officer dancing the Valencia.  
He must be after the citrus belt.

THE DEADLY BATHTUB  
Insurance experts report that the bath-  
tub ranks high as a menace to human life  
and limb. Many accidents occurred in bathtubs  
in this country last year, some of them  
quite serious ones. This suggested hazard  
gives the unknown, unwashed bather just the  
slight he has been looking for and probably  
will make the single Saturday night bath  
popular with those who have been magni-  
fiedly and precariously getting into the tub  
every morning.

WHERE TO CHANGE TIRES  
If the San Mateo county motorist who  
selected a track at a suitable place to  
change tires was looking for a thrill he  
might have had a bigger one by jacking up  
his wheel in front of that sixteen-inch coast-  
defense gun at San Pedro during firing prac-  
tice. However, a railroad track will do in  
a pinch, as the motorist must have thought  
when he found himself on the pilot of the Los  
Angeles express train which demolished his  
car, but miraculously did not demolish him.

VACATION GOSSIP  
If President Coolidge goes to the Wis-  
consin lake region for his vacation some  
will say that he is entering the enemy's  
country. He will be in territory familiar  
to the La Follette, the Brookhart and the  
Shipstead—all hardies of the administra-  
tion. Whether the President is a candidate  
or not the summer sojourn will show that  
the Chief not only has courage but is a  
shrewd politician. He is not going to Wis-  
consin merely to see how Swiss cheese is  
made.

THE PETTICOAT WILL  
The high court has decided that a will  
written on the petticoat of a hospital nurse  
is a good and valid document. Here is an-  
other victory for a glamorous garment that  
was gradually being shunted toward obli-  
vion. The girl at the lingerie counter con-  
fesses that the other intimate belongings  
of our loved ones are of practically no value  
as a substitute for parchment. But the  
harem of a petticoat is wide and frequently  
a bit starched and it affords a writing sur-  
face equal to the finest blackboard a man  
ever had in his school days. A will penned  
upon the dainty background of a girl's pet-  
ticoat should be as good as magna charta.  
The court has done well in sustaining this  
contention and establishing this confiden-  
tial article of apparel as a clearinghouse  
for the last thoughts of a sane man. It is  
presumed that hereafter the starched pet-  
ticoat will be included as a part of the  
standard regalia for all our Florence Night-  
ingales.

HE, TOO, WILL FADE  
The man who uses fade-out ink on his  
checks has shown up in New York. He  
hands over a check on some local bank to  
a clerk in exchange for a costly article  
which he carries away under his arm. An  
hour or two later no sign of ink can be  
found on the check—it has faded away, and  
so will the man who signs himself so in-  
substantially, for at last accounts the po-  
lice were reported to be hot upon his trail  
which, unfortunately for him, he has not  
time to obliterate.

NO TIME TO WORK  
More than a dozen different play-  
grounds are being laid out in different sec-  
tions of Honolulu. Most folk were of the  
belief that all the people there used or  
needed was a strip of beach. Are they go-  
ing to play all the time?

# PEN POINT

Yet respectable people respect a law that is...  
If he has a kind look in his eyes, he probably isn't a professional forger.

Very few hunger for a...  
that doesn't include the...  
of hands.

His stand concerning...  
depends on whether he has a...  
old daughter.

A woman forgave all her...  
when she was wearing a new...  
the first time.

Our friends are those who...  
as when we do well and...  
when we do too well.

It seems as though the...  
pensive women's costumes...  
less expansive they become.

The proof of fact is in...  
other man believe his...  
worse than even yours.

If they are pitching...  
that never were worn by...  
the place is a resort.

If there's a strained...  
on his face maybe he's...  
give a darn which side he's on.

Our own question for...  
What common medicine is...  
out of the three Noah and...  
ing the ark?

The true measure of...  
life is the fact that he...  
spire thinkers, but only...  
the fact.

Americanism: Doing...  
out thing; finding some...  
call it a virtue.

The athlete has a right...  
to love, but why get mad...  
others, equally true, have...  
side.

Before trying three...  
Reno try three months of...  
wonders. The rest cure...  
wonders.

When Mr. Coolidge...  
his vacation plans we...  
know where the West...  
this life.

Correct this sentence: "I...  
me so happy," said the...  
"to have my married...  
me her fine clothes."

No wonder density of...  
worries Italy and Japan...  
so little room for golf.

When Mr. Coolidge...  
his vacation plans we...  
know where the West...  
this life.

Correct this sentence: "I...  
me so happy," said the...  
"to have my married...  
me her fine clothes."

# New York Police en Route to Get So-Called Duke

Gerhard T. J... self-styled heir...  
to the Duchy of Hanover and...  
applicant to film honors, yesterday...  
arrived before Municipal Judge Bush...  
on a fugitive warrant from New York...  
where he is said to be wanted for...  
child abandonment.

Jurgens' motion-picture ambitions...  
were halted Tuesday night by...  
Detective Lieutenant Ackley, who...  
arrested the purported Duke of Hanover...  
in Hollywood on the New York warrant.

According to Dep. Dist. Atty. Costello...  
Jurgens was indicted March 7...  
last, in Long Island City on charges...  
of abandoning his minor child and...  
failing to provide for its maintenance.

New York officials are en route to...  
Los Angeles to return the prisoner...  
to New York, according to Mr. Costello...  
and are expected to arrive the...  
latter part of the week.

Judge Bush set preliminary hearing...  
for Jurgens for the 14th inst. and...  
fixed bail at \$2500.

Further complaints against certain...  
of the officers and members of the...  
Twelfth Ward Republican Club...  
whose activities have been under...  
investigation for some time, are expected...  
to be filed by City Prosecutor Lickley today...  
it was announced last night.

The downtown office of the club...  
were raided recently by a squad of...  
police and a number of tags issued...  
to violators of traffic ordinances were...  
seized. It is expected these tags will...  
form a basis for any complaints that...  
may be issued.

"After going carefully into the...  
evidence in this case we are satisfied...  
that the activities of this organization...  
constitute a menace to the people...  
of this community," said Prosecutor...  
Lickley yesterday. "Quite regardless...  
of the attitude of any other law-enforcement...  
agency, this office will prosecute the case...  
to its ultimate conclusion."

The District Attorney's office recently...  
decided to make any formal charges...  
against the club officials on the ground...  
that the evidence would not stand up in court.

she'll never admit that age! (Pathfinder.)

# BOND SALES TO BE WORK OF WOMAN

State Issues License to First of Sex Recorded in Strictly Man's Sphere

California's first full-fledged woman...  
stock broker, was licensed here...  
yesterday by State Commissioner...  
Friedlander. She is Mrs. Nell T. Dunbar...  
30 years of age, 438 North...  
Detroit street, who has opened offices...  
in the Stock Exchange Building. She...  
will specialize in unlisted securities.

Several women have previously been...  
given licenses to act as agents for...  
other brokers, but Mrs. Dunbar is the...  
first to hold a broker's license, according...  
to Chief Deputy Walther who signed the permit.

Business of the permit is another...  
milestone in the constantly growing...  
invasion of the business world by...  
women, according to Walther, who...  
declared many other types of permits...  
formerly applied for only by men...  
are now being sought by women.

From 1921 to 1926 Mrs. Dunbar was...  
in partnership with her husband,...  
Roger C. Dunbar, who was a member...  
of the Los Angeles Stock Exchange...  
but surrendered his broker's certificate...  
some time ago and is not in the...  
brokerage business now, Walther stated.

The District Attorney's office recently...  
decided to make any formal charges...  
against the club officials on the ground...  
that the evidence would not stand up in court.

# Of Interest to Women.

## YOUR BABY and MINE

By Myrtle Meyer Eldred

Mr. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

Fathers seem to be coming into their own in the department these days. It is always surprising and satisfying when a father writes to us showing that he is following the column and deriving benefit from it. Incidentally most of the fathers who write are ones who want their children to have the benefits of modern care while their wives are of the opinion that the best method of child care when used on his child, he reverts to much more furiously than a wife, who takes her husband's lack of interest in her household system as a matter of course. Here is a letter in point. It speaks loudly and vehemently for itself.

"I believe you are a good authority on child care and I read your articles with interest. I am a mother of two children, a boy and a girl, and I am very interested in the proper care and bringing up of my baby. Our infant is less than 1 year old, does not sleep more than two hours in the daytime, and is at regular times at night. It is kept up until 11 or 12 o'clock. The child is well and happy and full of pep, but she won't go to sleep until fairly exhausted by the family, who toss her about from one to the other."

"What after night is at kept up until 11 or 12 o'clock. The child is well and happy and full of pep, but she won't go to sleep until fairly exhausted by the family, who toss her about from one to the other."

## CHEF WYMAN'S Suggestions for TOMORROW'S MENU

- Breakfast: Sliced Pineapple, Omelette with Chipped Beef, Blueberry Muffins, Coffee.
- Lunch: Fruit Cocktail, Eggs, Canned Corn, Chocolate Dainty.
- Dinner: Corn Chowder, Olives, Salmon Timbale, Asparagus, Southern Cold Slice, Rice Pudding, and Compote of Oranges.
- EGGS CANADA: Wash and wipe firm, round, ripe tomatoes, one for each serving. Cut a slice off stem end, then, using a teaspoon, neatly remove center seeds and pulp to obtain a clean cup. Drain in a strainer thirty minutes, upside down. Season with white pepper, turn into each cup a tablespoonful of cream, put in an egg, a teaspoonful of cream, then dredge over some grated cheese and buttered crumbs, and arrange in buttered shallow dish. Bake in hot oven nine minutes.
- CHOCOLATE DAINY: Melt two cubes of sweet chocolate with two tablespoonfuls of water and two tablespoonfuls of sugar and one tablespoonful of gelatin soaked and dissolved in one-fourth cupful of water. To this add yolks of four eggs, one at a time. Beat whites stiff, then add to above mixture. Line a mold with wax paper. Lay halves of lady fingers to suit your fancy, then pour over half of above mixture, another layer of lady fingers and cover with remainder of chocolate mixture. Let stand in refrigerator for five hours then serve with whipped cream.
- SALMON TIMBALES: Three-quarters cupful of soft bread crumbs, one cupful milk, one-half teaspoonful salt, few grains cayenne, one and one-half cupfuls flaked salmon. Whites of five eggs. Separate the salmon in small fakes. Soak bread crumbs in milk fifteen minutes, then cook over hot water and stir to form a smooth paste. Add salt, cayenne and salmon. Cut and fold in whites of eggs, beaten until stiff. Turn into slightly buttered pan and place in larger sauteuse of hot water. Bake until firm; the time required being about fifty minutes. Serve with French Hollandaise sauce.
- FRENCH HOLLANDAISE SAUCE: One-half cupful butter, yolks of four eggs, one-half cupful boiling water, one-half teaspoonful salt, few grains cayenne, one-half tablespoonful lemon juice. Work butter until creamy and add egg yolks, one at a time, lemon juice, salt and cayenne. Put in small saucepan and place in larger sauteuse of hot water. Stir constantly until mixture thickens. Add water and beat until of a smooth consistency.
- RICE PUDDING WITH ORANGES: One-half cupful rice, one cupful cold water, one and one-quarter cupful milk, yolks of three eggs, three-quarters cupful sugar, one pint heavy cream, few grains salt. Wash and pick over rice, add cold water and cook in double boiler thirty minutes. Drain, return to double boiler, add milk and cook until rice is tender; then rub through a sieve. Beat egg yolks, add sugar and salt and pour on, gradually, the hot rice. Cook until mixture thickens, cool and freeze. Fold in cream beaten until stiff, mold, pack in salt and ice, and let stand two hours. Peel oranges, cut in slices crosswise, remove seeds and cook in a thick syrup flavored with lemon juice; then cool. Remove pudding from mold and garnish with oranges. (All rights in recipes reserved by A. L. Wyman)

Now and attractive is the bright-colored cottons lumber jacket for beach wear.

Children's clothes are also when made in two-color combinations. The crossed-croast is noted on new summer models. Fatou is using black satin skirts with blouses of rose handkerchief linen. An entirely new idea. Black satin is used for a coat lined with blue crepe de chine which matches the fur collar, and cuffs. That hat of white Delfina straw is useful for wear with a variety of light dresses. White crepe satin is used to fashion one of the most smart evening gowns. Towed is a very important spring material used for both gown or country clothes. Cardigan jackets, striped horizontally, and collared jackets are both very new. Prints, frequently combined with a plain fabric, are noted in all collections. A type of costume that will be important for afternoon wear is the chiffon frock of blue in solid color. New bracelets are made of tortoise-shell composition in light or dark shades. The draped vest or collar, with loosely tied cuffs or undersleeves, introduced a new fashion note in the summer mode.

WHY is Barreled Sunlight replacing both ordinary paint and expensive enamel in thousands of fine homes?

It washes like tile—without wearing away. Rivals the finest enamel in rich beauty, yet costs less, is easy to apply, and requires fewer coats. And it is guaranteed to remain white longest. If more than one coat is required, apply Barreled Sunlight Undercoat first.

Where tints are desired, you can match any color scheme by simply adding all colors to Barreled Sunlight. Ask about the new, easy-mixing Barreled Sunlight Tinting Colors in handy tubes.

## TWO BROTHERS LEAD ORATORS

Long Beach Polytechnic Has  
Unique Situation

Youths of Syrian Descent in  
Fore for Honors

Los Angeles High Will Pick  
Winners 20th Inst.

A unique situation has developed in the Fourth National Oratorical Contest on the Constitution at Long Beach Polytechnic High School, where George Shibley and Wadiah Shibley, brothers, have evidenced oratorical aspirations and declamatory ability. In a field of eight contestants at this school these brothers are attracting major attention in the preparatory planning for the elimination contests. The eight contestants were chosen from a large field on March 10, and are the Shibley brothers, Harwood Sturges, Joseph Anakin, Ronald Larson, Lavinia Dobler, Ted Russell and Billy Nute.

The honor of representing Polytechnic in the district finals will be decided this afternoon, and it is to this date that students' interest is directed, particularly in regard to the rival brothers.

The Shibley lads are of Syrian descent, their parents having been born in the Near East, their father, S. A. Shibley, holding a master's degree and having studied in a number of leading universities in the United States and abroad.

**BORN IN AMERICA**  
Wadiah was born in Bethlehem, Pa., in 1908, and George in New York City in 1910, having been brought west by their parents, who settled in Long Beach in 1921. Both boys have been particularly intrigued with school activities since their entrance, they are both popular with student body and faculty alike, and each has a host of friends and well wishers, both within and without the school. George is an old contestant and a prominent one in this contest. He won first place at Franklin Junior High, Long Beach, and second in the district finals in 1924. He is one of the few students who has been an active participant in this contest for the last four years. During his sophomore year at polytechnic he was a member of two interschool debate teams, and was contender for

## HAZARD OF HIGH SPEED TOLD

Police Show Peril of Crashes  
at Speed of Thirty Miles  
Per Hour

While speed is not the sole cause of automobile accidents and while many accidents occur at low speeds, an accident, when it does occur, is hazardous in proportion to the square of the speed. Sgt. E. L. Johnson of the police safety bureau said yesterday over Radio KLL.

"When two cars approach a blind intersection," he said, "if they are running fifteen miles an hour or both can stop or swerve to avoid a collision, but at thirty they cannot. If a child runs from behind a parked car it can be avoided at a speed of fifteen to twenty miles an hour; at thirty miles it cannot. Who wants to kill a child?"

final honors in a third. As a junior he represented Long Beach in two district finals, and was runner-up in the Coast League championship. In the school oratorical contest during the present year he was awarded second honors. As a senior he held the office of commissioner of affairs, the highest school office in Polytechnic.

**PROMINENT IN OTHER LINES**  
In addition to debating and oratorical endeavors George has been prominent in dramatics and other school activities. He has shown steady progress in the oratorical contest, and his host of friends are anticipating his persistence will bring a justly earned reward during the present year.

Wadiah, while a sophomore, joined the Junior Oratorical Club and the Cosmopolitan Club, his maiden debate appearance being against South Pasadena in the Coast League. During the present year he is affiliated with the Oratorical Club—the public-speaking society of the school—and the Cosmopolitan Club, the honorary fraternal organization of which his brother George is president.

This youth has been one of the leading members of the debate board of control and due to his persistent efforts he was appointed debate manager at the beginning of the present semester, but found the duties too arduous and resigned in favor of Richardson Hastings. Wadiah was awarded second place in the Daniel Harwood Rogers memorial oratorical contest for his declamation on prohibition.

Despite the fact that this colorful contest of brother against brother is holding tense the interest at this school, others following, this being particularly true of Harwood Stump, who is reported to be the closest rival for school favoritism to the Shibley brothers.

**FOUR TO CONTEST**  
The 20th inst. is a date anxiously awaited by the contestants at the Los Angeles High School, where four remaining four contestants will compete in the school district finals, the winner of which will advance out to represent Los Angeles High in the semifinals.

The finals will be held before a student assembly and the judges, already tentatively chosen, include E. W. Oliver, principal of the school, George W. Cowan, a local attorney and champion debater during his school years; Lester Roth, S. T. students body president; Bruce Baxter, professor of chemistry, U.S.C., and Judge Robert Scott, S. T. former reporter for Blue and White, and senior board member.

**Traveling Yegg  
Plies His Trade  
in Many Cities**

SANTA MONICA, April 6.—Nearly 100 burglaries committed during a 120-day career of crime, according to Santa Monica police, have been admitted by Egidio Mada Peterson, 37-year-old Danish seaman, whose record-breaking series of robberies was terminated by his arrest at the hands of Lieut. Bray and Motorcycle Officer Clark. Operations from San Francisco to San Diego were revealed by the Norse giant, who stands six feet and two inches in his soft-soled shoes and is every inch a Viking in appearance.

In a tour of Los Angeles yesterday with Detective Sergeant Watson of Santa Monica and Detective Lieutenant Stevens of the Los Angeles division at Sawtelle, Peterson pointed out numerous business establishments and residences which he admitted plundering, according to the officers. He told Santa Monica police he had just started his bay district campaign when he was interrupted while attempting to loot the Wilburg-Swartz Lumber Company, Fourteenth street and Colorado avenue.

Peterson, who seems willing to discuss his past without reservation, is said to style himself the "traveling trackman," and he said he had an automobile for local purposes from the home of Edwin Carawa, present actor, 828 North Bedford drive, Los Angeles. This car, Peterson admitted, was left on the roadside between Santa Barbara and Monterey, when he ran out of gasoline. He said he got another car at Salinas.

Monterey, Fresno, Arizona—where he says he did not like the climate—Culver City, San Diego, Huntington Park and other points were "touched" during his travels. Today he is being interrogated by police officials from Redondo, South Pasadena, Glendale, Inglewood, Pasadena and other cities. Los Angeles Sheriff's officers are scheduled to take Peterson in tow tomorrow.

**SHIP PASSENGERS  
FORM MASONIC CLUB**

Four Los Angeles residents are members of S.S. Mongolia No. 3 Masonic Club, which was formed on board that ship on its voyage from San Francisco to New York by way of the Panama Canal. A Masonic meeting was called on board and fifty-nine persons, including members of the Eastern Star, responded. The Los Angeles residents are Mrs. Marie Birchard of the Women's Athletic Club, Alphonse Maple, 1328 West Twenty-third street, and Mr. and Mrs. Ernest P. Skates, 122 West Third street.

Whether you own an acre or a section of land, FARM and ORCHARD MAGAZINE of the Sunday Times can help you with suggestions.

## FOX SIGNS STAR AND WRITER

Madge Bellamy Returns; Popular English Novelist Due;  
M. Stiller to Direct Jannings's Next Paramount;  
Fanny Brice to Court for United Artists

BY GRACE KINGSLLEY

It may sound paradoxical to refer to the Fox fold, but, nevertheless, it would appear a very safe place to be if you ask a certain popular English novelist, Madge Bellamy, who is to play a long return engagement on the Fox studio yesterday.

Norma Talmadge to Vacation. Following the completion of "The Dove," Norma Talmadge is going to take a vacation from her film activities for United Artists.

Lupino Lane Travels. Lupino Lane is celebrating the successful completion of his second year under the Educational banner with a pleasure trip to New York and Chicago. In company with Mrs. Lane, he will be in New York to see the new show and confer with E. W. Hammond, president of Educational, on the new season which begins at the Yvonne in June. The last Lupino Lane comedy on the old contract, just completed, is said by studio executives to be the best he has ever produced.

Following the New York sojourn, the Lanes will return ahead of their party to Chicago where they will visit for a few days with Stanley Lupino, who is starring there in the Shubert musical hit, "The Nightingale." Meanwhile Jack White and Mrs. Allen will visit Montreal, Can. The party will probably return to Los Angeles late this month.

**Arrest in Drive  
to Check Sale  
of Unfit Fruit**

W. H. Bissel, proprietor of a market at Blauson and Western avenues, was arrested yesterday at the outset of a campaign against the selling of unfit fruit, according to Chief Sanitation Inspector Siegel of the city health department. The arrest was made by Siegel and Inspector Munoz.

Bissel, Siegel said, will be charged with selling unfit strawberries and with exposing his wares. He will appear before Judge Richardson in Municipal Court this morning.

A campaign against the selling of fruit unfit for consumption was ordered by City Health Officer Parrish. With the opening of the fruit season many complaints have been received from purveyors. It was said, yesterday issued a warning that arrests will follow if unfit fruit continues to be offered for sale.

**FRATERNITY DAY SET**  
President of Delta Chapter to Direct  
Occidental Phi Beta Dole

Second annual Phi Beta Kappa day at Occidental College will be observed under the direction of President Robert Glass Cleland of the Delta Chapter in California, May 11. Members of the national honorary scholarship fraternity from the Southland will be invited.

Initiation of the senior students recently elected to the chapter will be held. Ten were named this spring of whom several are Los Angeles residents. They are Harvey Holt, 1333 Echo Park avenue; Theodore Henderson, 2388 West Twenty-third street; Solly Mashkin, 713 North Verdugo; and star athlete on Occidental team for the past four years, and Miss Lorraine Phillips, 6131 Pasadena avenue.

Occidental College is the fourth such institution in California to be awarded a chapter of the national fraternity. University of California, Stanford University and Pomona College already hold chapters.

**ANGELENS MADE  
R.O.T.C. OFFICERS**

Seven Los Angeles boys have been appointed officers in the infantry military units of the R.O.T.C. at the University of California. Frank W. Jones in the college of letters and science and Gordon Simson in the college of commerce, both seniors, as well as William H. Bowen, a junior in the college of mechanics, have been named first lieutenants. Fredric C. Celtnir, a junior in the college of letters and science, has been appointed sergeant. The promotion of officers for the military units at Berkeley were recently announced by the department of military science and tactics at the university and are effective for the present semester.

## RANDERSBURG TO GREET GUESTS

Desert Town to Celebrate Anniversary

Wild Flowers Add Color to Event

Visitors to View Operation of Famous Mines

BAKERSFIELD, April 6.—Randersburg is ready with a day-long program, and the Mojave Desert is ready with the most striking array of wild flowers ever seen, to greet thousands of visitors next Sunday during the celebration of the discovery of gold on the desert.

Thirty-two years ago Burham, Singleton and Moore, prospectors, established the first mining camp at what is now Randersburg, and Sunday's celebration will be the anniversary of their discovery which opened the way to developing some of the precious metals and metal mining industries in the West.

Visitors to Randersburg Sunday are requested to bring their own lunches and go direct to American Legion Hall, where 100 guides will escort them on a morning tour of the desert mining camps.

Sunday afternoon, after lunch, the desert anniversary program will be observed at Legion hall, with addresses by Burton Pitts, Lieutenant-Governor of California, United States District Judge Paul G. McCormick, E. J. Emmerson of Bakersfield, and others.

All Randersburg the old burroughs will be the gold discoverers will be on display and throughout the day visitors will be shown the mining of desert gold in "desert-top" mines, the first gold mine was discovered. A trip is being arranged also to the California silver mine and mill, from which millions of dollars worth of ore has been taken.

Tungsten mining will be seen and guides will escort groups through the mine, mill and smelter. The new Beach Road cut through the Santa Fe mine promises to be the most interesting sight in the way of modern mining development work.

## New Faces in City Offices at Porterville

PORTERVILLE, April 6.—Complete returns from Porterville municipal election of yesterday brought forth somewhat surprising results, figures showing all five of the old board members, candidates for re-election, set aside in favor of opposing candidates.

The new board was supported by the Economy Taxpayers' League while the Municipal League favored the old board. Considerable campaigning is said to have been done by both sides, and a record vote was cast. Members of the new board are M. J. Dewitt, J. Frank Hallford, W. H. Doyle, Louis Moore and O. A. O'Brien. They will be seated at the next Council meeting on Monday, April 18. They will appoint a City Manager, City Clerk and a City Treasurer. The position of City Clerk has been elective in the past.

Members of the old board are Mayor A. F. Keating, M. O. Brown, W. S. Case, C. R. Oglesby and O. I. Daley.

## UNIQUE STREET PLAN

Property Owners of Riverside Ask for Colonnade

RIVERSIDE, April 6.—Widening of Orange street to fifty-one feet and construction of an open arcade or colonnade over the street along the east side of the street is asked in a petition of property owners submitted yesterday to the city council. Conversion of Orange street into a main thoroughfare would be one of the most striking improvements planned during recent years, and is a major recommendation of business district change to be approved by city planners.

The plan, recently adopted by the city to draft a comprehensive building, street and traffic plan for Riverside, would provide for buildings that encroach on the line of the proposed sidewalk. According to the proponents of the plan, the upper stories of buildings will be uniform in color and design and on the sunny side of the street. Property owners would construct the arcade and declare that the change will make this attractive one of the most unique and interesting business streets of Riverside.

## ASKS DAMAGES FOR ASSERTED SLANDERS

SAN BERNARDINO, April 6.—Judgment of \$25,000 is asked in a slander suit filed in the Superior Court today by Miss Zoe Walsh, formerly manager of the San Bernardino branch of a chain of silk hosiery stores, against Louis Benson of Los Angeles, owner of the store.

Miss Walsh asserts that Benson, on February 15, 1927, made slanderous and defamatory remarks which reflected on her character, among them being the statement in hearing of numerous persons that since he got her out of the store he knew she was a thief. He also accused her in the presence of other persons of being dishonest.

Heretofore other assertions, which she states tend to blacken her character, are cited by Miss Walsh in her complaint against Benson.

## SUBMIT BOND ISSUES

RIVERSIDE, April 6.—Four separate bonding propositions will be on the ballot for a municipal election during the latter part of May, according to plans adopted by the City Council yesterday.

A total of \$250,000 is asked for civic improvements as follows: \$100,000 for Victoria-avenue bridge; \$75,000 for new equipment and additions to the fire department; \$50,000 for completion of the Memorial Auditorium, and \$20,000 for purchase and installation of an incinerator for city refuse.

## PASADENA READY FOR BALLOT BATTLE

Pasadena's City Election Develops Bitter Factional Fight Between Partisan Camps

PASADENA, April 6.—A new board of seven Pasadena City Directors will be elected tomorrow. Public interest in the election appears to be at the highest pitch in the city's history after a campaign fought with vilification charges and counter-charges of ulterior political motives and attempts to have the courts declare the entire election illegal.

In fact, the battle will continue to rage even after the election is over, because by a five-to-two vote, the present board has decided to authorize a suit to test the validity of the election and to seek an order restraining the newly elected Directors from taking their seats.

## Laws of Long Ago to Rule at Montecito

MONTICITO, April 6.—Montecito property owners will have a government suit by covenant. They will impose laws and regulations, zoning regulations and other prohibitions on themselves for the perpetuity of the community's residential beauty and exclusiveness.

The Montecito Community Association has filed with the County Recorder the declaration of the covenant. The declaration states that the association has been executed by those who have participated in its preparation and its execution. It is a non-profit corporation and its purpose is to act as a restriction on their lands. The association is the outgrowth of what is termed an increasing need of organization among the residents of Montecito for mutual support and protection. It is a non-profit corporation. Under the covenant as recorded each property owner who signs has a single vote no matter how large or small his holdings.

In effect the Montecito land owners go back 200 years to the form of government enjoyed by the land owners of the old country. They will have a "desert-top" mine, the first gold mine was discovered. A trip is being arranged also to the California silver mine and mill, from which millions of dollars worth of ore has been taken.

Tungsten mining will be seen and guides will escort groups through the mine, mill and smelter. The new Beach Road cut through the Santa Fe mine promises to be the most interesting sight in the way of modern mining development work.

The new board was supported by the Economy Taxpayers' League while the Municipal League favored the old board. Considerable campaigning is said to have been done by both sides, and a record vote was cast. Members of the new board are M. J. Dewitt, J. Frank Hallford, W. H. Doyle, Louis Moore and O. A. O'Brien. They will be seated at the next Council meeting on Monday, April 18. They will appoint a City Manager, City Clerk and a City Treasurer. The position of City Clerk has been elective in the past.

Members of the old board are Mayor A. F. Keating, M. O. Brown, W. S. Case, C. R. Oglesby and O. I. Daley.

## Stop Noise of Crowing Cocks by Strategy

PASADENA, April 6.—While Pasadena's City Directors were at their wit's end today to find a solution for the vexing problem of whether or not to allow roosters to be kept in the city, a conspiracy of rooster owners has been formed to keep the roosters in the city. The plan is to have the roosters crow at night, and the city directors will have to deal with the noise.

## GROWERS FIGHT FOR LOW RATE

Redlands Man Victim of Confidence Game Has Stolen Car as Security for Cash

Redlands, April 6.—Charles Maynard of the Pioneer Transfer Company is holding a stolen car while police officers over the South search for a man about 40 years old, dressed in a checked suit, tan shoes, loud tie, with diamonds on his fingers and in his tie and all signs of prosperity.

The man drove a car into the Maynard garage here and wanted to store it. He said he owned a string of race horses at Tia Juana and planned to bring them here for the winter. He wanted to borrow from them, made other arrangements and then because his car was not running well, hired a car and chauffeur from Mr. Maynard.

## Work to Bring Store and Farm Close Together

FRESNO, April 6.—Members of the State-wide committee of ten which has been engaged for the past year in carrying out a plan of the United States Chamber of Commerce to bring about closer relations between agriculture and business will meet tomorrow to review the year's work and plan for future activities along that line.

The committee was named following a regional agricultural conference of the national chamber, at which it was decided to have a full understanding of the problems of agriculture and business and to work for a better understanding and closer co-operation on the part of the business man with the farmer.

He wanted to borrow from them, made other arrangements and then because his car was not running well, hired a car and chauffeur from Mr. Maynard.

## WHOLESALE DEALER IN BAD PAPER

LONG BEACH, April 6.—Police today were endeavoring to figure out just how long Paul B. Stevens, automobile salesman, would have to live to serve out all the prison time that could be imposed upon him if he is convicted on all the counts of forgery and check kiting that are being prepared against him, following his capture here yesterday.

More than 300 checks, involving more than \$100,000, have been passed by Stevens in the past two years, according to Detective Sergeant Friday and Bureau of the bad-check detail. On conviction a sentence of from one to fourteen years can be given Stevens for each check, police aver.

Stevens, police allege, employed twenty-six aliases in his check operations. For one who has been selected by Stevens in the past two years, according to Detective Sergeant Friday and Bureau of the bad-check detail. On conviction a sentence of from one to fourteen years can be given Stevens for each check, police aver.

**YOUR HEALTH**  
BANK HELD UP  
BY LONE YOUTH  
Imprisons Seven Before  
Taking \$2000  
Second Visit of Bandit to  
Long Beach Branches  
Obtains Keys from Janitor  
Living Next Door

By a "Times" Staff Correspondent  
LONG BEACH, April 6.—Leaving a trail of seven prisoners locked in closets, a bandit, working alone, robbed the Redondo-avenue branch of the Bank of Italy at Redondo late this afternoon. The same man, by his own admission to the bank janitor, robbed another branch of the same bank of \$5000 several months ago.

Shortly before 3 p.m. the bandit entered the home of John Myers, janitor for both branches, at 3437 East Seventh street, next to the bank branch. Displaying a .45 automatic, he bound Myers and his wife hand and foot and forced Myers to give him the keys to the bank.

Myers recognized him as the man who had robbed the other branch and accused him of it.

"Yes, dad, but I didn't recognize you," said the bandit.

Mrs. Rhoda Swaine, a neighbor of the Myers family living at 7214 Newport avenue, entered and also was bound and gagged. The three captives were locked in a clothes closet.

The bandit then let himself into the bank by a side door and forced three employees, Miss Ella Zipp, stenographer; Harold Kessling, book-keeper; and H. C. Caswell, teller, to his face downward on the floor.

After taking \$5000 from an open vault and wrapping up the money, he forced the three employees into a closet. W. C. Tomlinson, the branch manager, entered, to be bound hand and foot by the bandit, who surprised him by creeping up behind a partition. Tomlinson then was added to the captives in the closet. When he protested he was told to keep his mouth shut under penalty of bloodshed.

Police were given a good description of the bandit.

**TRIO IN FIGHT FOR CAT'S ESTATE**

Hearing to be Held Today in Effort to Decide Who Should Get Two Houses and Lots Will be Put Later Chloroformed

Three claimants to the estate of Kitty Boy, famous Long Beach cat which was recently killed two valuable houses and lots at Long Beach, are scheduled to appear this morning when the estate of the cat, Mrs. Elizabeth Lynch, comes up for hearing before Superior Judge Crall.

One of the claimants is the Long Beach Humane Society, mentioned in an asserted will said to have been executed by Mrs. Lynch; another is Mrs. Ella Swickard, of 448 Ulysses street, Long Beach, said to be a friend and neighbor who is scheduled to make application for letters of administration; and the third is George B. Childers of McKensie, Tenn., who says he is a nephew of Mrs. Lynch and who will be represented by the law concern of Herron and Warden, 815 Walter P. Story Building, who said last night they would oppose the appointment of Mrs. Swickard.

**SCOUT HEAD HEARING SET FOR TODAY**

Youth Who Says He is Kin of President Arthur Faces Charges of Five Boys

Charged with improper conduct toward five boys who were under his supervision as leader of a Boy Scout troop, Chester Allen Arthur, formerly an officer in charge of boys in the county probation department and now engaged in Boy Scout work, today will be arraigned before Municipal Judge Calhoun.

Arthur, who says he is a direct descendant of the late President Arthur, was arrested last night at his office in the Commercial Exchange Building, where he is connected with the management of that building. He was arrested by Officers Blake and Service of the crime-prevention bureau, and bail was set at \$5000.

The complaint was issued by Dep. Dist. Atty. Joss following an investigation of complaints from parents of the boys, all of whom are between 14 and 15 years of age.

According to Mr. Joss, Arthur at one time was in charge of the Long Beach district for the County Probation Department. He was dismissed from the service, Mr. Joss said, when he was made defendant in 1923 in a similar action involving boys under his care as probation officer. The four counts against him at that time were dismissed after long delays in the trial, Mr. Joss said, the dismissal being based on lack of evidence, witnesses failing to appear.

Arthur is about 27 years of age and lives at the Duxbury Apartments at Beverly Boulevard and Berendo street.

**FUNERAL OF PIONEER SET TOMORROW**

Mrs. M. H. Tubman's Body to be Laid at Rest in Calvary Cemetery

Funeral services for Mrs. Mary Haley Tubman, who died last Tuesday at the home of her daughter, at Agnes W. Hall, 129 West Ninth street, Manhattan Beach, will be conducted at St. Joseph's Cathedral at 8 a.m. tomorrow. Solemn requiem mass will be said by Father Humilis Wels. Interment will be at Calvary Cemetery.

Mrs. Tubman was 72 years of age, and who was one of the Southland's most influential business women for the last fifty years, was born at Oxford, Ont., Can., and came to Los Angeles in the late sixties. Shortly after her arrival here she was married to Michael Haley, one of the pioneers in the early development of Los Angeles. Mr. Haley's death occurred in 1907 and in 1916 Mrs. Haley married Francis Tubman of Montana, who died in Los Angeles last year.

Mrs. Tubman was active in developing the first residential section in East Los Angeles and was heavily interested in many early commercial developments, being the owner of valuable business properties in various parts of the city.

Besides her daughter, Mrs. Hall, Mrs. Tubman leaves a grand-daughter, Miss Mae Hall, also of Los Angeles.

**Warning Given on Land Experts Brings Praise**

Councilman Allen and Moore at yesterday's session of the City Council voiced their approval of City Attorney Stephen's warning to property owners against employing so-called experts to assist in obtaining high prices for land to be condemned for street opening and widening.

The City Attorney's request for authority to print and distribute to property owners statements showing the procedure in condemnation cases will be considered by the Finance Committee next Monday.

**SHRINE LUNCH TODAY**

Croole Entertainers With Music and Jazz on Program

Two chairmen are deemed necessary for the luncheon in the Billmore today at Al Malakiah Shrine Club, so extensive is the program arranged. Bobbie Dow and Loomis will officiate in that joint capacity accordingly. The entertainment will be provided by the aggregation from Frank Sebastian's Cotton Club, a croquet troupe headed by Carolyn Snowdon and her Cypher Blues troupe, and in the list are Frisco Nick, Struts Mitchell, William Rose, Dudley Dickerson, Ivy Anderson, Bob Hays, Martha Rialto, Lillian Goods together with the Ditteland Quality Serenaders, under direction of "Tin Can" Henry.

There is promised a series of negro songs, dances, steps, shuffles, blues and harmonies, not to speak of jazz. The doors open at 11:30 o'clock for service at noon.

**BEAUTY CONTEST AT K. OF C. GRAND BALL**

A personality pageant featuring thirty young women of beauty and charm will add an element of competition to the dancing at the annual Easter Monday ball of the Knights of Columbus at El Patio ballroom, 1818 Indiana street, which will be selected by judges and screen stars. Garland Courage, war aviator and stunt flyer, will take Miss Personality on an air tour. A silver loving cup, screen tests and a trip through the studios are additional awards awaiting the winners of the pageant. Everyone is invited to participate in the post-Lenten ball. Henry Halstead's Victor recording orchestra will provide music.

**ALUMNI TO ENTERTAIN**

Occidental College alumni of Alpha Tau Omega Fraternity will entertain the Southern California association of the fraternity at dinner at the University Club tonight, according to announcement by C. Fletcher Guillich, president of the local fraternity. A program of entertainment has been arranged by Ted Brockman and Walker S. Clute, former Occidental students.

**ROMANCE IN DEATH CASE DISCLOSED**

Mechanic's Heirs Given Love Notes But Officers Fail to Locate Money

Love letters, said to have been found in the pockets of "Dr." Frank C. Mathews, 65 years of age, who had lived at 438 Magnolia avenue, Burbank, when he was found dead, were turned over to heirs of the man yesterday by deputy sheriffs. The letters are said to reveal a romance with a seamstress of 33 years. The body of Mathews was taken to San Diego yesterday.

Deputies asserted they had been unable to trace \$800 which Mathews is reported to have had on his person shortly before his death, and which he is said to have displayed in a cafe at Thousand Oaks on Ventura Boulevard.

Mathews, who was a mechanic, working for the Morgan's Truck Company, is asserted to have had a habit of showing large sums of money he carried in his pocket.

Some excerpts from the letters follow:

"Dearest Doc: Miss — is having her party next Saturday and asked me to let you know—and—so you will have a nice week-end. Wear the tie I gave and look nice. Be at my room any time after 6.—"

In another letter the writer says that she missed Mathews and wanted him to come over and "noodle" her up. The letters were signed "Pettie."

**SERGEANT OF POLICE SUSPENDED**

Complaint Charges Officer Accepted Bribe to Give Man Reward Circular

Police Sergeant Elmer L. Betterton of the record bureau at Central Station was suspended by Acting Captain Donahay, charged with receiving a bribe in a complaint issued by Dep. Dist. Atty. Thomas.

According to Donahay the fingerprints of Robert Willard Byler, 1123 Ingraham street, were submitted to the record bureau when Byler sought work with a taxicab company, it being the custom of the company to turn over fingerprints of employees to the police.

Betterton, the charge continues, found fingerprints corresponding to Byler's on a navy circular put out for a man who was said to have deserted. Betterton, Donahay declared, sold the circular to Byler for \$50, the amount of the reward offered.

According to Dep. Dist. Atty. Thomas, Betterton admitted accepting \$25 and agreeing to accept a similar amount at a future date.

**Masonic Lodge Will Celebrate Schools Week**

There will be a community meeting in the auditorium at Serrano Junior high school Friday evening, the 29th inst., under auspices of the Los Angeles Lodge of Masons, in celebration of Masonic public schools week. Entertainment features are planned.

Los Angeles Lodge, organized in 1860, has had an intimate connection with the beginning of the public schools in Los Angeles. J. W. Crawford, chairman of the entertainment committee, members of the lodge were the organizers of the system and the first superintendent was a member.

**Successor to Byram Named in Audit Office**

J. M. Wood was appointed chief of the budget division in the office of the County Auditor yesterday, to succeed H. L. Byram, named County Treasurer by the Board of Supervisors Monday.

Wood has been assistant chief of the budget division for six years. He entered the county service in the Auditor's office in 1916. His new position pays \$800 a month for the first year, with an annual increase of \$25 month to \$850. His appointment becomes effective Monday, when Byram will become treasurer. No successor to Wood as assistant chief of division has been selected yet.

**NEW OPTIMISTS' CLUB CHIEFS ENTERTAINED**

New officers of the Optimists' Club were entertained at dinner at Ramona's Home at San Gabriel last night, after which the party attended the Mission Play. The officers were installed by retiring President Warren Board at luncheon at the Billmore yesterday. They are Theodore Z. Petros, president; George Barralough, first vice-president; Jack French, secretary; Lyman H. Johnson, secretary-treasurer; and Tom Kelly, sergeant-at-arms.

**RABBI TO TALK ON BRETTAUER NOVEL**

"The City Without Jews," the novel by Brett Bauer, will be the basis of the text of Rabbi Isadore Isaacson's sermon at the Temple Israel tomorrow night. The subject of much discussion since it was first brought out, Brett Bauer's work will furnish a theme of wide interest to local Jewry. Until Temple Israel erects its own synagogue services will be conducted in the church at the corner of Vine and Lexington streets. It is announced.

THE DYAS CO.—STREET FLOOR

**Kayser Glove Silk Underwear for Easter**

NEW novelty undies from Kayser have just arrived, including adorable step-in sets with real Irish and filet trimmings, or dainty footie. They are cut with the new leg effect, that helps serve as a petticoat, and vests to match have ribbon straps. Sets priced \$5.95 to \$15.

Glove Silk Brassieres, \$1.50

in two good fitting models. One in regulation cut, with full back, the other is center drawn, with ribbon back.

THE DYAS CO.—STREET FLOOR

**Kayser Silk Hose With Slipper Heels**

EASTER winds may blow and blow, when one is smartly "stockinged" in Kayser's all silk hose, with the new Slipper heels, giving ankles slimmer, trimmer appearances.

Kayser's marvel stripe Chiffon Hose are silk from top to toe, and come in such shades as
